

Internship for One Customer Approach, Viby J

In QEHS Customer team we ensure our customers good service on quality assurance and product documentation. We are part of the Global QEHS department, physically located in Viby J. Our job is to constitute the link between our customers via the sales department and our sites producing powder, cheese and BSM. We ensure support and service to sales and categories on QEHS related issues, providing our customers with professional service within QEHS requirements, product related documentation and information. You will be working in a global company with a broad international contact surface.

One Customer Approach

You will become part of the project team developing our new global platform for product specifications, to cover Arla branded products globally (except powder products) with the purpose to cover local needs in one global solution. You will take part in understanding local ways of working to develop and optimize our global procedures and systems.

As a project team member you will take part in workshops etc., and handle documentation and IT descriptions of the agreed solutions. You will be working in close cooperation with the project manager and team to develop the right solutions in cooperation. You will also be working with colleagues in quality

departments in e.g. UK, Holland, Sweden, IT department, dairies, and product management.

Student qualifications

You are studying food technology, engineering or similar, have flair for IT systems and are motivated by understanding and improving processes. You understand the importance of good process descriptions, and are comfortable with English both spoken and written. You are a true team player, and seek cooperation; however it is important that you can work independently. With a bright and creative mind you are naturally curious and have a strong drive towards your goal.

How can you apply?

To us, it's not just about making dairy products. It's about providing the ingredients vital to everyday life. Please note that to apply for this position it is a requirement that you are enrolled in a study programme during the entire internship. The internship is unpaid. We will, however, provide you with lunch and reimburse travel costs, if any, up to 750 DKK per month. Please apply via this [LINK](#) no later than 1 April 2016. For additional information, please call Christina Skov Lauritzen at +4589381475. Please state in your application where you have seen the advertisement.
