

Supply Chain reporting Internship, Viby J

The Supply Chain of Arla Foods includes the responsibility for our production and packing facilities outside Europe. Based in our Head Office in Viby, Denmark, we support these sites from a technical perspective. The support secures high quality standards and drives the work with continuous improvements of the set-ups.

Help develop our new KPI set-up

In this position, you will be working hands-on with establishing the future KPI reporting and data capture structure for these facilities.

You will begin with establishing a baseline and from here develop the future KPI set-up in partnership with internal key stakeholders. You will analyze and propose new ways of working and a new KPI structure.

You will report to the Senior Director within this area.

Student qualifications

You have the ability to drive yourself and your workload, and you are open-minded towards seeking information through networking in a matrix organisation.

We expect you to have strong analytical skills and to be a super user in excel databases etc. in order to create value adding and user friendly business solutions.

Strong skills in connection with MS Office tools are also a requirement.

How can you apply?

To us, it's not just about making dairy products. It's about providing the ingredients vital to everyday life.

Please note that to apply for this position it is a requirement that you are enrolled in a study programme during the entire internship. The internship is unpaid. We will, however, provide you with lunch and reimburse travel costs, if any, up to 750 DKK per month.

Please apply via this [LINK](#) no later than 1 April 2016. For additional information, please call Rene Fredgaard at +4589381260. Please state in your application where you have seen the advertisement.
