RISK FACTORS

Any investment in the Notes is subject to a number of risks. Prior to investing in the Notes, prospective investors should carefully consider risk factors associated with any investment in the Notes, the business of each Issuer and the Guarantor and the industry(ies) in which each of them operates together with all other information contained in this Base Listing Particulars, including, in particular the risk factors described below. Words and expressions defined in the "Terms and Conditions of the Notes" below or elsewhere in this Base Listing Particulars have the same meanings in this section.

Prospective investors should note that the risks relating to each Issuer and the Guarantor, the industry(ies) in which each of them operates and the Notes summarised in the section of this Base Listing Particulars headed "Overview" are the risks that each Issuer and the Guarantor believe to be the most essential to an assessment by a prospective investor of whether to consider an investment in the Notes. However, as the risks which each Issuer and the Guarantor face relate to events and depend on circumstances that may or may not occur in the future, prospective investors should consider not only the information on the key risks summarised in the section of this Base Listing Particulars headed "Overview" but also, among other things, the risks and uncertainties described below.

The following is not an exhaustive list or explanation of all risks which investors may face when making an investment in the Notes and should be used as guidance only. Additional risks and uncertainties relating to each Issuer and the Guarantor that are not currently known to each Issuer and the Guarantor, or that either currently deems immaterial, may individually or cumulatively also have a material adverse effect on the business, prospects, results of operations and/or financial position of each Issuer and the Guarantor and, if any such risk should occur, the price of the Notes may decline and investors could lose all or part of their investment. Investors should consider carefully whether an investment in the Notes is suitable for them in light of the information in this Base Listing Particulars and their personal circumstances.

Risks Relating to Investment in the Notes.

The Notes may not be a suitable investment for all investors.

Each potential investor of the Notes must determine the suitability of that investment in light of such investor's own circumstances. In particular, each potential investor should:

- (a) have sufficient knowledge and experience to make a meaningful evaluation of the relevant Notes, the merits and risks of investing in the relevant Notes and the information contained or incorporated by reference in this Base Listing Particulars or any applicable supplement to this Base Listing Particulars;
- (b) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact such investment will have on its overall investment portfolio;
- (c) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the currency in which such potential investor's financial activities are principally denominated;
- (d) understand thoroughly the terms of the relevant Notes and the behaviour of financial markets; and
- (e) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments and such instruments may be purchased as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to the investor's overall portfolio. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with the assistance of a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of such Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Because the Global Notes are held by or on behalf of Euroclear and Clearstream, Luxembourg, investors will have to rely on their relevant clearing system's procedures for transfer, payment and communication with each Issuer.

Notes issued under the Programme may be represented by one or more Global Notes. Such Global Notes will be deposited with a common depositary, or as the case may be a common safekeeper for Euroclear and Clearstream, Luxembourg. Except in the circumstances described in the relevant Global Note, investors will not be entitled to receive Definitive Notes. Euroclear, Clearstream, Luxembourg will maintain records of the beneficial interests in the Global Notes. While the Notes are represented by one or more Global Notes, investors will be able to trade their beneficial interests only through Euroclear and/or Clearstream, Luxembourg.

While the Notes are represented by one or more Global Notes, the relevant Issuer will discharge its payment obligations under the Notes by making payments to the common depositary, or as the case may be a common safekeeper for Euroclear and Clearstream, Luxembourg or a nominee thereof for distribution to their account holders. A holder of a beneficial interest in a Global Note must rely on the procedures of Euroclear, Clearstream, Luxembourg to receive payments under the relevant Notes. Neither Issuer has any responsibility or liability for the records relating to, or payments made in respect of, beneficial interests in the Global Notes.

Holders of beneficial interests in the Global Notes will not have a direct right to vote in respect of the relevant Notes. Instead, such holders will be permitted to act only to the extent that they are enabled by Euroclear or Clearstream, Luxembourg to appoint appropriate proxies. Similarly, holders of beneficial interests in the Global Notes will not have a direct right under the Global Notes to take enforcement action against the relevant Issuer in the event of a default under the relevant Notes but will have to rely upon their rights under the Deed of Covenant.

Investors in the Danish Notes, Norwegian Notes and Swedish Notes will have to rely on VP Denmark's, VPS Norway's or Euroclear Sweden's procedures (as the case may be) for transfer, payment and communication with each Issuer.

Investors in Danish Notes, Norwegian Notes or Swedish Notes will have to rely on the relevant clearing system's or the relevant Issuing Agent's, as the case may be, procedures for transfer, payment and communication with the relevant Issuer.

Danish Notes, Norwegian Notes or Swedish Notes issued under the Programme will not be evidenced by any physical note or document of title other than statements of account made by VP Denmark, VPS Norway or Euroclear Sweden, as the case may be. Ownership of Danish Notes, Norwegian Notes or Swedish Notes will be recorded and transfer effected only through the book entry system and register maintained by VP Denmark, VPS Norway or Euroclear Sweden, as the case may be.

The Notes may not be freely transferred.

Neither Arla Foods nor Arla Finance has registered, or will register, the Notes under the Securities Act or any other securities laws. Accordingly, the Notes are subject to certain restrictions on resale and other transfer thereof as set forth in the section entitled "*Subscription and Sale*." As a result of these restrictions, neither Arla Foods nor Arla Finance can be certain of the existence of a secondary market for the Notes or the liquidity of such a market if one develops. Consequently, a Holder of Notes and an owner of beneficial interests in those Notes must be able to bear the economic risk of their investment in the Notes for the terms of the Notes.

There is no active trading market for the Notes.

The Notes issued under the Programme will be new securities which may not be widely distributed and for which there is currently no active trading market (unless in the case of any particular Tranche, such Tranche is to be consolidated with and form a single series with a Tranche of Notes which is already issued). If the Notes are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of each Issuer. Although applications have been made for Notes issued under the Programme to be admitted to listing on the Official List of the Irish Stock Exchange and to trading on its Global Exchange Market, there is no assurance that such applications will be accepted, that any particular Tranche of Notes will be so admitted or that an active trading market will develop. Accordingly, there is no assurance as to the development or liquidity of any trading market for any particular Tranche of Notes.

Noteholders are subject to market volatility.

Holders of Notes should be aware that, in view of the prevailing and widely reported global credit market conditions (which, to a certain extent, continue at the date hereof), the secondary market for the Notes and instruments of this kind may be illiquid. Neither Issuer can predict when these circumstances will change.

Fixed Rate Notes are subject to Interest Rate Risks.

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of Fixed Rate Notes.

Noteholders are subject to credit risk on each Issuer and the Guarantor.

Holders of the Notes issued under the Programme take a credit risk on the relevant Issuer and in the case of Notes issued by Arla Finance, the Guarantor. A Holder's ability to receive payment under the Notes is dependent on the relevant Issuer's and in the case of Notes issued by Arla Finance, the Guarantor's ability to fulfil its payment obligations, which in turn is dependent upon the development of each Issuer's and the Guarantor's business.

Risks relating to fixed/floating rate Notes.

Fixed/floating rate Notes may bear interest at a rate that the relevant Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The relevant Issuer's ability to convert the interest rate will affect the secondary market and the market value of such Notes since the relevant Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the relevant Issuer converts from a fixed rate to a floating rate, the spread on the fixed/floating rate Notes may be less favourable than then prevailing spreads on comparable floating rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the relevant Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes.

The Notes may be issued at a substantial discount or premium.

The market values of securities issued at a substantial discount or premium to their nominal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Noteholders' rights and obligations may be amended at meetings of Noteholders.

The terms and conditions of the Notes and the Agency Agreement contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit certain defined majorities to make decisions that modify the terms and conditions applicable to a Series of Notes and may affect the Noteholders' rights and obligations under the Notes, and that bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority. At the meeting of Noteholders, the Noteholders also have authority to elect and give instructions to a representative to act on their behalf.

The terms and conditions of the Notes may be changed.

The terms and conditions applicable to each Series will be the Conditions set out below, subject to being completed by the relevant Pricing Supplement or, supplemented, modified or replaced by the Listing Particulars in relation to each Series.

The Agency Agreement contains provisions, which are binding on each Issuer and the Holders of Notes, for convening meetings of the Holders of Notes of any Series to consider matters affecting their interests, including the modification or waiver of the terms and conditions applicable to any Series of Notes.

The relevant Issuer has the right to correct manifest errors in the terms and conditions without the Noteholders' consent.

The amount of Notes to be issued under the Programme may be changed.

The amount to be issued under the Programme is subject to increase or decrease as provided in the Dealer Agreement.

EU Savings Directive.

Under EC Council Directive 2003/48/EC on the taxation of savings income (the "**EU Savings Directive**"), each Member State is required to provide to the tax authorities of another Member State details of payments of interest or other similar income paid by a person within its jurisdiction to, or collected by such a person for, an individual resident or certain limited types of entity established in that other Member State; however, for a transitional period, Austria and Luxembourg may instead apply a withholding system in relation to such payments, deducting tax at rates rising over time to 35 per cent. The transitional period is to terminate at the end of the first full fiscal year following agreement by certain non-EU countries to the exchange of information relating to such payments.

A number of non-EU countries, and certain dependent or associated territories of certain Member States, have adopted similar measures (either provision of information or transitional withholding) in relation to payments made by a person within its jurisdiction to, or collected by such a person for, an individual resident or certain limited types of entity established in a Member State. In addition, the Member States have entered into provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a person in a Member State to, or collected by such a person for, an individual resident or certain limited types of entity established in one of those territories.

The European Commission has proposed certain amendments to the EU Savings Directive which may, if implemented, amend or broaden the scope of the requirements described above.

If a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of, tax were to be withheld from that payment, neither each Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax. Each Issuer is required to maintain a Paying Agent in a Member State that is not obliged to withhold or deduct tax pursuant to the Directive. Investors who are in any doubt as to their position should consult their professional advisers.

Changes in laws and regulations may affect the terms and conditions of the Notes.

The terms and conditions of the Notes and all non-contractual obligations arising out of or in connection with the Notes are governed by English law, except that; (i) the registration of Danish Notes in VP Denmark which will be governed by, and construed in accordance with, Danish law; (ii) the registration of Norwegian Notes in VPS Norway which will be governed by, and construed in accordance with, Norwegian law; and (iii) the registration of Swedish Notes in Euroclear Sweden which will be governed by, and construed in accordance with, Swedish law.

The Rome II Regulation (864/2007), which sets out a series of rules to be applied by the courts of EU member states (other than Denmark) for the purposes of determining the governing law of non-contractual obligations between parties in most civil and commercial matters does not apply in Denmark and therefore may not apply to Danish investors.

There can be no assurances as to the impact of any possible judicial decision or change to the laws of England, Sweden, Denmark or Norway or administrative practice after the date of this Base Listing Particulars.

The Notes may be traded in amounts in excess of the minimum Specified Denomination that are not integral multiples.

In relation to any issue of Notes which have a denomination consisting of the minimum Specified Denomination (as defined in the relevant Pricing Supplement) plus a higher integral multiple of another smaller amount, it is possible that the Notes may be traded in amounts in excess of the minimum Specified Denomination that are not integral multiples of the minimum Specified Denomination. In such a case a Noteholder who, as a result of trading such amounts, holds a principal amount of less than the minimum Specified Denomination, would need to purchase a principal amount of the Notes such that its holding amounts to a Specified Denomination.

U.S. Foreign Account Tax Compliance Withholding

Whilst the Notes are in global form and held within Euroclear Bank and Clearstream, Luxembourg (each as defined below and together, the “ICSDs”), in all but the most remote circumstances, it is not expected that FATCA (as defined under “*Taxation - Foreign Account Tax Compliance Act*” below) will affect the amount of any payment received by the ICSDs (see “*Taxation - Foreign Account Tax Compliance Act*”). However, FATCA may affect payments made to custodians or intermediaries in the subsequent payment chain leading to the ultimate investor if any such custodian or intermediary generally is unable to receive payments free of FATCA withholding. It also may affect payment to any ultimate investor that is a financial institution that is not entitled to receive payments free of withholding under FATCA, or an ultimate investor that fails to provide its broker (or other custodian or intermediary from which it receives payment) with any information, forms, other documentation or consents that may be necessary for the payments to be made free of FATCA withholding. Investors should choose the custodians or intermediaries with care (to ensure each is compliant with FATCA or other laws or agreements related to FATCA), provide each custodian or intermediary with any information, forms, other documentation or consents that may be necessary for such custodian or intermediary to make a payment free of FATCA withholding. Investors should consult their own tax adviser to obtain a more detailed explanation of FATCA and how FATCA may affect them. The relevant Issuer’s obligations under the Notes are discharged once it has paid the common depository or common safekeeper for the ICSDs (as bearer or registered holder of the Notes) and the Issuer has therefore no responsibility for any amount thereafter transmitted through hands of the ICSDs and custodians or intermediaries.

Risks Relating to each Issuer and the Guarantor

The Issuers and the Guarantor believe that the following factors may affect their ability to fulfil their respective obligations under the Notes. All of these factors are contingencies which may or may not occur and neither the Issuers nor the Guarantor are in a position to express a view on the likelihood of any such contingency occurring.

In addition, factors which are material for the purpose of assessing the market risks associated with the Notes are described below.

The Issuers and the Guarantor believe that the factors described below represent the principal risks inherent in investing in the Notes, but the inability of the relevant Issuer or the Guarantor to pay interest, principal or other amounts on or in connection with the Notes may occur for other reasons and the Issuers and the Guarantor do not represent that the statements below regarding the risks of holding the Notes are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Base Listing Particulars (including any documents incorporated by reference herein) and reach their own views prior to making any investment decision.

Product branding and competition risk

Arla Foods amba and its subsidiaries (the “**Group**”) face significant competition in each of the markets in which they operates. The main factors relating to competition in the Group’s business include brand recognition and consumer loyalty, product innovation, quality, price, service, proximity to customers, production capacity and distribution capabilities. In addition, the Group relies on innovation and product development to introduce new products as a means of achieving or maintaining strong market positions. Inherent risks are consumer preferences and purchasing patterns, consumer loyalty to the Group’s brands and products as well as competitor reactions.

As a cooperative the Group is generally able to reduce the price of raw milk from its members in Denmark, Sweden, Germany and the UK to off-set adverse effects of competition.

Quality and food safety

Customers and consumers need to be able to trust the Group’s products. Despite detailed quality programmes and control measures throughout the value chain, there are several risks involved in milk processing that may accidentally lead to contamination or poor quality products reaching the market. This may result in recalls and, in a worst-case scenario, harm the Group’s brands and reputation.

Dependency on milk intake

The Group is dependent on a stable intake of raw milk. In Denmark, Sweden, Germany and the UK raw milk is sourced from the Group’s members. The loyalty among members has always been very high. The general decrease in members during the last few years is mainly caused by members retiring rather than members shifting to other dairies. Generally, retiring members’ raw milk deliveries are taken over by existing members increasing their raw milk deliveries or deliveries from joining members who have acquired a retiring member’s farm.

In the UK, Finland, Holland, Canada, US and Poland raw milk is sourced from either individual contract suppliers or local cooperatives. Also in these regions the Group has established long-term relationships and hence the Group's milk intake in these countries has not been negatively impacted by high turnover-rates. However, members can leave with minimum 4 months' notice. Major sudden decreases in raw milk supplies either from members or contract suppliers could have a negative impact on the Group's results and financial condition.

Breakdown of large production facilities

The Group is obliged to buy and receive all the milk supplied from its members as well as from contract suppliers. The Group operates a number of larger dairies in Denmark, Sweden, UK and Germany. Even though many of these dairies are modern facilities with up-to-date risk prevention programs, a major breakdown of a dairy may occur. Even though contingency plans and proper insurance are in place this may result in reduced production and reduced sales during the rebuilding period and competitors taking market share, each of which may have a negative impact on the Group's results and financial condition.

Expansion risk

The Group's business strategy involves acquisitions and investments in its core business. This strategy depends on the Group's ability to successfully acquire and integrate companies that enhance the Group's businesses. Failure to acquire and integrate such companies successfully may have a negative impact on the Group's results and financial condition.

Political risk

The Group has smaller production facilities in some countries which are less politically stable. Political instability could have an effect on the book value of the assets in such countries. However, given the size and geographical spread of such facilities, no event in any single country is likely to have a material adverse effect on the Group's financial condition and ability to meet its financial obligations.

The export of dairy products and milk powder from Denmark, Sweden and Germany to developing countries, including countries in the Middle East, is part of the export business. In some regions the Group has strong brand positions. The Group has previously experienced politically or religiously motivated boycotts of imported dairy products in certain regions. Such boycotts can lead to an immediate decrease in profit. Previously, such events have triggered a reduction in the price of raw milk to the Group's members to off-set such effects. Any decrease in profit that is not matched in this way by a reduction in costs, could have a material adverse effect on the Group's results and financial condition.

IT risk

The Group operates a highly integrated global business and relies on complex information technology to do so. As a result of the increasing complexity of information technology, the Group is exposed to various risks in this context, ranging from the loss or theft of data, stoppages and interruptions to the business, to systems failure, each of which may have a negative impact on the Group's results and financial condition.

Animal diseases

Widespread animal diseases may affect the milk production in the countries where the Group operates. In Denmark, Sweden, UK and Germany, where the Group has a significant milk intake, the relevant authorities have very clear and precise contingency plans to stem infections. The Group also has its own contingency plans if a breakout of animal diseases should occur. Any breakout of BSE or Foot and Mouth disease would have an immediate impact on the local consumption. However, history shows that such declines prove to be short-lived since dairy products form an important part of the daily diet.

Many countries will typically stop imports of dairy products from countries where a dangerous virus is found. Any such stoppages may have a negative impact on the Group's results and financial condition.

Currency risk

The Group operates in many different countries and has significant investments in operations outside Denmark and the Euro area, of which the UK and Sweden represent the largest part of the Group's business by revenue, profit and

assets. As a large part of the production from Denmark in particular is exported outside the Euro area, this also contributes to the Group's currency exposure.

Significant exchange rate fluctuations may have a negative impact on the Group's results and financial condition.

Interest rate risk

The Group generally pays a variable interest rate on its financial debt. With due regard to the Group's growth strategy and the low interest rate level in the financial markets during the last few years, a significant part of the Group's financing has been converted to fixed rate via hedging instruments such as interest swaps. The term of the interest hedging of the debt amounts to approximately 3 and a half years. As at 31 December 2012, the Group estimates that an increase in the interest rate of 1 percentage point during the next financial year would negatively impact the Group's funding costs by approximately DKK 60 million. Significant interest rate increases may have a negative impact on the Group's results and financial condition.

Liquidity risk

The Group's long-term objective is to maintain a conservative funding profile matching that of a robust investment grade company. The Group manages its liquidity risk by ensuring the availability of sufficient operating liquidity and credit facilities for operations. The financing of acquisitions and major investments is assessed separately.

The management of day-to-day liquidity flow is for the vast majority of the Group conducted through Arla Foods Finance A/S, via cash pool arrangements with the Group's banks. Within the Group, the companies with excess liquidity finance the companies with liquidity deficits. As a result the Group achieves a more cost efficient financing.

As at 31 December 2012, the Group's liquidity reserve was as outlined below:

Liquidity reserve

	DKK million	
	2012	2011
Cash refunds	734	504
Securities (free)	123	138
Unutilised committed loan facilities	2,777	1,177
Unutilised other loan facilities	3,939	3,359
Total liquidity reserves at 31 December	7,573	5,178

Pension funding

The Group maintains a number of funded and unfunded defined benefit pension schemes for past and current employees. Pension scheme liabilities vary with changes to long-term interest rates, inflation, pensionable salaries and the longevity of scheme members as well as changes in applicable legislation. The schemes' assets comprise investment portfolios that are held to meet projected liabilities to the scheme members. Risk arises from the schemes because the value of these asset portfolios, returns from them and any additional future contributions to the schemes, may be less than expected and because there may be greater than expected increases in the estimated value of the schemes' liabilities. In these circumstances, the Group could be obliged, or may choose, to make additional contributions to the schemes, and during recent periods, the Group has, in agreement with trustees, made such contributions to the schemes. Given the recent economic and financial market difficulties and the prospect that they may continue over the near and medium term, the Group may experience increasing pension deficits or be required or elect to make further contributions to its pension schemes and such deficits and contributions could be significant and have an adverse impact on the Group's results of operations or financial condition.

Legal and regulatory risks

Various markets in which the Group operates are subject to significant influence from legislation or regulation. Changes to regulation and legislation regularly occur and may lead to various risks arising. Increased governmental regulation of the food industry could also increase the Group's costs and adversely affect its profitability.

PRICING SUPPLEMENT AND LISTING PARTICULARS

In this section the expression "necessary information" means, in relation to any Tranche of Notes, the information necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profits and losses and prospects of the relevant Issuer and the Guarantor and of the rights attaching to the Notes. In relation to the different types of Notes which may be issued under the Programme on the basis of this Base Listing Particulars each Issuer and the Guarantor have included in this Base Listing Particulars all of the necessary information except for information relating to the Notes which is not known at the date of this Base Listing Particulars and which can only be determined at the time of an individual issue of a Tranche of Notes.

Any information relating to the Notes which is not included in this Base Listing Particulars and which is required in order to complete the necessary information in relation to a Tranche of Notes will be contained either in the relevant Pricing Supplement or in a Listing Particulars.

For a Tranche of Notes which is the subject of a Pricing Supplement, that Pricing Supplement will, for the purposes of that Tranche only, supplement this Base Listing Particulars and must be read in conjunction with this Base Listing Particulars. The terms and conditions applicable to any particular Tranche of Notes which is the subject of a Pricing Supplement are the Conditions as completed to the extent described in the relevant Pricing Supplement.

The terms and conditions applicable to any particular Tranche of Notes which is the subject of a Listing Particulars will be the Conditions as supplemented, amended and/or replaced to the extent described in the relevant Listing Particulars. In the case of a Tranche of Notes which is the subject of a Listing Particulars, each reference in this Base Listing Particulars to information being specified or identified in the relevant Pricing Supplement shall be read and construed as a reference to such information being specified or identified in the relevant Listing Particulars unless the context requires otherwise.

Following the publication of this Base Listing Particulars a supplement may be prepared by the Issuers. Statements contained in any such supplement (or contained in any document incorporated by reference therein) shall, to the extent applicable (whether expressly, by implication or otherwise), be deemed to modify or supersede statements contained in this Base Listing Particulars. Any statement so modified or superseded shall not, except as so modified or superseded, constitute a part of this Base Listing Particulars.

Each Issuer will, in the event of any significant new factor, material mistake or inaccuracy relating to information included in this Base Listing Particulars which is capable of affecting the assessment of any Notes, prepare a supplement to this Base Listing Particulars or publish a new Base Listing Particulars for use in connection with any subsequent issue of Notes.

FORMS OF THE NOTES

Any reference in this section to "Pricing Supplement" shall be deemed to include a reference to the applicable "Listing Particulars" where relevant.

Bearer Notes

Each Tranche of Notes in bearer form ("**Bearer Notes**") will initially be in the form of either a temporary global note (the "**Temporary Global Note**"), without interest coupons, or a permanent global note (the "**Permanent Global Note**"), without interest coupons, in each case as specified in the relevant Pricing Supplement. Each Temporary Global Note or, as the case may be, Permanent Global Note (each a "**Global Note**") which is not intended to be issued in new global note ("**NGN**") form, as specified in the relevant Pricing Supplement, will be deposited on or around the issue date of the relevant Tranche of the Notes with a depository or a common depository for Euroclear Bank S.A./N.V. ("**Euroclear**") and/or Clearstream Banking, société anonyme, Luxembourg ("**Clearstream, Luxembourg**") and/or any other relevant clearing system and each Global Note which is intended to be issued in NGN form, as specified in the relevant Pricing Supplement, will be deposited on or around the issue date of the relevant Tranche of the Notes with a common safekeeper for Euroclear and/or Clearstream, Luxembourg.

On 13 June 2006 the European Central Bank (the "**ECB**") announced that Notes in NGN form are in compliance with the "*Standards for the use of EU securities settlement systems in ESCB credit operations*" of the central banking system for the euro (the "**Eurosystem**"), **provided that** certain other criteria are fulfilled. At the same time the ECB also announced that arrangements for Notes in NGN form will be offered by Euroclear and Clearstream, Luxembourg as of 30 June 2006 and that debt securities in global bearer form issued through Euroclear and Clearstream, Luxembourg after 31 December 2006 will only be eligible as collateral for Eurosystem operations if the NGN form is used.

Where the Global Notes issued in respect of any Tranche are in NGN form, the applicable Pricing Supplement will also indicate whether such Global Notes are intended to be held in a manner which would allow Eurosystem eligibility. Any indication that the Global Notes are to be so held does not necessarily mean that the Notes of the relevant Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any times during their life as such recognition depends upon satisfaction of the Eurosystem eligibility criteria (as mentioned above). The Common Safekeeper for NGNs will either be Euroclear or Clearstream, Luxembourg or another entity approved by Euroclear and Clearstream, Luxembourg, as indicated in the applicable Pricing Supplement.

In the case of each Tranche of Bearer Notes, the relevant Pricing Supplement will also specify whether United States Treasury Regulation §1.163-5(c)(2)(i)(C) (or any successor United States Treasury regulation section, including without limitation, successor regulations issued in accordance with IRS Notice 2012-20 or otherwise in connection with the United States Hiring Incentives to Restore Employment Act of 2010) (the "**TEFRA C Rules**") or United States Treasury Regulation §1.163-5(c)(2)(i)(D) (or any successor United States Treasury regulation section, including without limitation, successor regulations issued in accordance with IRS Notice 2012-20 or otherwise in connection with the United States Hiring Incentives to Restore Employment Act of 2010) (the "**TEFRA D Rules**") are applicable in relation to the Notes or, if the Notes do not have a maturity of more than 365 days, that neither the TEFRA C Rules nor the TEFRA D Rules are applicable.

Temporary Global Note exchangeable for Permanent Global Note

If the relevant Pricing Supplement specifies the form of Notes as being "Temporary Global Note exchangeable for a Permanent Global Note", then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for interests in a Permanent Global Note, without interest coupons, not earlier than 40 days after the issue date of the relevant Tranche of the Notes (the "**Exchange Date**") upon certification as to non-U.S. beneficial ownership. After the Exchange Date, no payments will be made under the Temporary Global Note unless exchange for interests in the Permanent Global Note is improperly withheld or refused. In addition, prior to the Exchange Date interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever any interest in the Temporary Global Note is to be exchanged for an interest in a Permanent Global Note, each Issuer shall procure (in the case of first exchange) the delivery of a Permanent Global Note, duly authenticated and, in the case of a NGN, effectuated, to the bearer of the Temporary Global Note or (in the case of any subsequent exchange) an increase in the principal amount of the Permanent Global Note in accordance with its terms against:

- (i) presentation and (in the case of final exchange) surrender of the Temporary Global Note to or to the order of the Principal Paying Agent; and
- (ii) receipt by the Principal Paying Agent of a certificate or certificates of non-U.S. beneficial ownership.

The principal amount of Notes represented by the Permanent Global Note shall be equal to the aggregate of the principal amounts specified in the certificates of non-U.S. beneficial ownership provided however, that in no circumstances shall the principal amount of Notes represented by the Permanent Global Note exceed the initial principal amount of Notes represented by the Temporary Global Note.

If:

- (a) the Permanent Global Note has not been delivered or the principal amount thereof increased by 5.00 p.m. (London time) on the seventh day after the bearer of the Temporary Global Note has requested exchange of an interest in the Temporary Global Note for an interest in a Permanent Global Note; or
- (b) the Temporary Global Note (or any part thereof) has become due and payable in accordance with the Conditions of the Notes or the date for final redemption of the Temporary Global Note has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer of the Temporary Global Note in accordance with the terms of the Temporary Global Note on the due date for payment,

then the Temporary Global Note (including the obligation to deliver a Permanent Global Note) will become void at 5.00 p.m. (London time) on such seventh day (in the case of (a) above) or at 5.00 p.m. (London time) on such due date (in the case of (b) above) and the bearer of the Temporary Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Temporary Global Note or others may have under the Deed of Covenant).

Temporary Global Note exchangeable for Definitive Notes

If the relevant Pricing Supplement specifies the form of Notes as being "Temporary Global Note exchangeable for Definitive Notes" and also specifies that the TEFRA C Rules are applicable or that neither the TEFRA C Rules or the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole but not in part, for Bearer Notes in definitive form ("**Definitive Notes**") not earlier than 40 days after the issue date of the relevant Tranche of the Notes.

If the relevant Pricing Supplement specifies the form of Notes as being "Temporary Global Note exchangeable for Definitive Notes" and also specifies that the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for Definitive Notes not earlier than 40 days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. Interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever the Temporary Global Note is to be exchanged for Definitive Notes, each Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Pricing Supplement), in an aggregate principal amount equal to the principal amount of the Temporary Global Note to the bearer of the Temporary Global Note against the surrender of the Temporary Global Note to or to the order of the Principal Paying Agent within 30 days of the bearer requesting such exchange.

If:

- (i) Definitive Notes have not been duly delivered by 5.00 p.m. (London time) on the thirtieth day after the bearer has requested exchange of the Temporary Global Note for Definitive Notes; or
- (ii) the Temporary Global Note (or any part thereof) has become due and payable in accordance with the Conditions of the Notes or the date for final redemption of the Temporary Global Note has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer in accordance with the terms of the Temporary Global Note on the due date for payment,

then the Temporary Global Note (including the obligation to deliver Definitive Notes) will become void at 5.00 p.m. (London time) on such thirtieth day (in the case of (a) above) or at 5.00 p.m. (London time) on such due date (in the case of (b) above) and the bearer of the Temporary Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Temporary Global Note or others may have under the Deed of Covenant).

For the avoidance of doubt, if Notes are to be issued with a minimum Specified Denomination and in integral multiples of another small amount in excess thereof as specified in the relevant Pricing Supplement, the Notes cannot be represented on issue by a Temporary Global Note exchangeable for Definitive Notes.

Permanent Global Note exchangeable for Definitive Notes

If the relevant Pricing Supplement specifies the form of Notes as being "Permanent Global Note exchangeable for Definitive Notes", then the Notes will initially be in the form of a Permanent Global Note which will be exchangeable in whole, but not in part, for Definitive Notes:

- (i) on the expiry of such period of notice as may be specified in the relevant Pricing Supplement; or
- (ii) at any time, if so specified in the relevant Pricing Supplement; or
- (iii) if the relevant Pricing Supplement specifies "in the limited circumstances described in the Permanent Global Note", then if either of the following even occurs:
 - (a) Euroclear or Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business; or
 - (b) any of the circumstances described in Condition 17 (*Events of Default*) occurs.

Whenever the Permanent Global Note is to be exchanged for Definitive Notes, the relevant Issuer shall procure the prompt delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Pricing Supplement), in an aggregate principal amount equal to the principal amount of the Permanent Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note to or to the order of the Principal Paying Agent within 45 days of the Agent first receiving notice of such exchange.

For the avoidance of doubt, Notes will only be issued with a minimum Specified Denomination and in integral multiples of another smaller amount in excess thereof if the relevant Pricing Supplement specifies "in the limited circumstances described in the Permanent Global Note" in accordance with paragraph (iii) above. In relation to any issue of Notes where the Pricing Supplement specifies "Permanent Global Note exchangeable for Definitive Notes" in circumstances other than "in the limited circumstances specified in the Permanent Global Note", such Notes may only be issued in principal amounts of at least the Specified Denomination (or if more than one Specified Denomination, the lowest Specified Denomination).

If:

- (i) Definitive Notes have not been duly delivered by 5.00 p.m. (London time) on the thirtieth day after the bearer has requested exchange of the Permanent Global Note for Definitive Notes; or
- (ii) the Permanent Global Note (or any part thereof) has become due and payable in accordance with the Conditions of the Notes or the date for final redemption of the Permanent Global Note has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer in accordance with the terms of the Permanent Global Note on the due date for payment,

then the Permanent Global Note (including the obligation to deliver Definitive Notes) will become void at 5.00 p.m. (London time) on such thirtieth day (in the case of (a) above) or at 5.00 p.m. (London time) on such due date ((b) above) and the bearer of the Permanent Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Permanent Global Note or others may have under the Deed of Covenant).

Rights under Deed of Covenant

Under the Deed of Covenant, persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Temporary Global Note or a Permanent Global Note which becomes void will acquire directly against each Issuer all those rights to which they would have been entitled if, immediately before the Temporary Global Note or Permanent Global Note became void, they had been the holders of Definitive Notes in an aggregate principal amount equal to the principal amount of Notes they were shown as holding in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system.

Terms and Conditions applicable to the Notes

The terms and conditions applicable to any Definitive Note will be endorsed on that Note and will consist of the terms and conditions set out under "*Terms and Conditions of the Notes*" below and the provisions of (i) the relevant Pricing Supplement which complete those Conditions or (ii) the relevant Listing Particulars which supplements, amends and/or replaces those Conditions.

Legend concerning United States persons

In the case of any Tranche of Bearer Notes having a maturity of more than one year, the Notes in global form, the Notes in definitive form and any Coupons and Talons appertaining thereto will bear a legend to the following effect:

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE."

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Notes, receipts or interest coupons and will not be entitled to capital gains treatment in respect of any gain on any sale, disposition, redemption or payment of principal in respect of such Notes, receipts or interest coupons.

Registered Notes

Each Tranche of Notes in registered form ("**Registered Notes**") will be represented by either:

- (i) individual Note Certificates in registered form ("**Individual Note Certificates**"); or
- (ii) one or more global Note Certificates ("**Global Note Certificate(s)**") in the case of Registered Notes sold outside the United States to non-U.S. persons in reliance on Regulation S,

in each case as specified in the relevant Pricing Supplement.

In a press release dated 22 October 2008, "*Evolution of the custody arrangement for international debt securities and their eligibility in Eurosystem credit operations*", the ECB announced that it has assessed the new holding structure and custody arrangements for registered notes which the ICSDs had designed in cooperation with market participants and that Notes to be held under the new structure (the "**New Safekeeping Structure**" or "**NSS**") would be in compliance with the "*Standards for the use of EU securities settlement systems in ESCB credit operations*" of the Eurosystem, subject to the conclusion of the necessary legal and contractual arrangements. The press release also stated that the new arrangements for Notes to be held in NSS form will be offered by Euroclear and Clearstream, Luxembourg as of 30 June 2010 and that registered debt securities in global registered form issued through Euroclear and Clearstream, Luxembourg after 30 September 2010 will only be eligible as collateral in Eurosystem operations if the New Safekeeping Structure is used.

Each Note represented by an Global Note Certificate will either be: (a) in the case of a Note Certificate which is not to be held under the NSS, registered in the name of a common depositary (or its nominee) for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and the relevant Global Note Certificate will be deposited on or about the issue date with the common depositary; or (b) in the case of a Note Certificate to be held under the New Safekeeping Structure, be registered in the name of a common safekeeper (or its nominee) for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and the relevant Global Note Certificate will be deposited on or about the issue date with the common safekeeper for Euroclear and/or Clearstream, Luxembourg.

If the relevant Pricing Supplement specifies the form of Notes as being "Individual Note Certificates", then the Notes will at all times be represented by Individual Note Certificates issued to each Noteholder in respect of their respective holdings.

Global Note Certificate exchangeable for Individual Note Certificates

If the relevant Pricing Supplement specifies the form of Notes as being "Global Note Certificate exchangeable for Individual Note Certificates", then the Notes will initially be represented by one or more Global Note Certificates each of which will be exchangeable in whole, but not in part, for Individual Note Certificates:

- (i) on the expiry of such period of notice as may be specified in the relevant Pricing Supplement; or
- (ii) at any time, if so specified in the relevant Pricing Supplement; or
- (iii) if the relevant Pricing Supplement specifies "in the limited circumstances described in the Global Note Certificate", then if:
 - (a) Euroclear, Clearstream, Luxembourg or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business; and
 - (b) any of the circumstances described in Condition 17 (*Events of Default*) occurs.

Whenever a Global Note Certificate is to be exchanged for Individual Note Certificates, each person having an interest in a Global Note Certificate must provide the Registrar (through the relevant clearing system) with such information as each Issuer and the Registrar may require to complete and deliver Individual Note Certificates (including the name and address of each person in which the Notes represented by the Individual Note Certificates are to be registered and the principal amount of each such person's holding).

Whenever a Global Note Certificate is to be exchanged for Individual Note Certificates, the relevant Issuer shall procure that Individual Note Certificates will be issued in an aggregate principal amount equal to the principal amount of the Global Note Certificate within five business days of the delivery, by or on behalf of the registered holder of the Global Note Certificate to the Registrar of such information as is required to complete and deliver such Individual Note Certificates against the surrender of the Global Note Certificate at the specified office of the Registrar.

Such exchange will be effected in accordance with the provisions of the Agency Agreement and the regulations concerning the transfer and registration of Notes scheduled to the Agency Agreement and, in particular, shall be effected without charge to any holder, but against such indemnity as the Registrar may require in respect of any tax or other duty of whatsoever nature which may be levied or imposed in connection with such exchange.

Terms and Conditions applicable to the Notes

The terms and conditions applicable to any Individual Note Certificate will be endorsed on that Individual Note Certificate and will consist of the terms and conditions set out under "*Terms and Conditions of the Notes*" below and the provisions of (i) the relevant Pricing Supplement which complete those Conditions or, (ii) the relevant Listing Particulars supplements, amends and/or replaces those Conditions.

The terms and conditions applicable to any Note in global form will differ from those terms and conditions which would apply to the Note were it in definitive form to the extent described under "*Summary of Provisions Relating to the Notes while in Global Form*" below.

Summary of Provisions relating to the Notes while in Global Form

Clearing System Accountholders

In relation to any Tranche of Notes represented by a Global Note, references in the Conditions to "Noteholder" are references to the bearer of the relevant Global Note which, for so long as the Global Note is held by a depositary or a common depositary, in the case of a CGN, or a common safekeeper for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, in the case of an NGN, will be that depositary or common depositary or, as the case may be, common safekeeper.

In relation to any Tranche of Notes represented by one or more Global Note Certificates, references in the Conditions to "Noteholder" are references to the person in whose name the relevant Global Note Certificate is for the time being registered in the Register which in the case of any Global Note Certificate which is held by or on behalf of a depositary or a common depositary or a common safekeeper for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, will be that depositary or common depositary or common safekeeper or a nominee for that depositary or common depositary or common safekeeper, as the case may be.

Each of the persons shown in the records of Euroclear, Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Global Note or a Global Note Certificate (each an "**Accountholder**") must look solely to Euroclear, Clearstream, Luxembourg and/or such other relevant clearing system (as the case may be) for such Accountholder's share of each payment made by the relevant Issuer or the Guarantor to the holder of such Global Note or Global Note Certificate and in relation to all other rights arising under such Global Note or Global Note Certificate. The extent to which, and the manner in which, Accountholders may exercise any rights arising under a Global Note or Global Note Certificate will be determined by the respective rules and procedures of Euroclear and Clearstream, Luxembourg and any other relevant clearing system from time to time. For so long as the relevant Notes are represented by a Global Note or Global Note Certificate, Accountholders shall have no claim directly against the relevant Issuer or the Guarantor in respect of payments due under the Notes and such obligations of the relevant Issuer and the Guarantor will be discharged by payment to the holder of such Global Note or Global Note Certificate.

Transfers of Interests in Global Notes and Global Note Certificates

Transfers of interests in Global Notes and Global Note Certificates within Euroclear and Clearstream, Luxembourg or any other relevant clearing system will be in accordance with their respective rules and operating procedures. None of the relevant Issuer, the Guarantor, the Registrar, the Dealers or the Agents will have any responsibility or liability for any aspect of the records of any Euroclear and Clearstream, Luxembourg or any other relevant clearing system or any of their respective participants relating to payments made on account of beneficial ownership interests in a Global Note or Global Note Certificate or for maintaining, supervising or reviewing any of the records of Euroclear, Clearstream, Luxembourg or any other relevant clearing system or the records of their respective participants relating to such beneficial ownership interests.

The laws of some states of the United States require that certain persons receive individual certificates in respect of their holdings of Notes. Consequently, the ability to transfer interests in a Global Note Certificate to such persons will be limited. Because clearing systems only act on behalf of participants, who in turn act on behalf of indirect participants, the ability of a person having an interest in a Global Note Certificate to pledge such interest to persons or entities which do not participate in the relevant clearing systems, or otherwise take actions in respect of such interest, may be affected by the lack of an Individual Note Certificate representing such interest.

Although Euroclear and Clearstream, Luxembourg have agreed to the foregoing procedures in order to facilitate transfers of interests in the Global Note Certificates among participants and account holders of Euroclear and Clearstream, Luxembourg, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. None of the relevant Issuer, the Guarantor, the Registrar, the Dealers or the Agents will have any responsibility for the performance by Euroclear or Clearstream, Luxembourg or their respective direct or indirect participants or account holders of their respective obligations under the rules and procedures governing their respective operations.

While a Global Note Certificate is lodged with Euroclear, Clearstream, Luxembourg or any relevant clearing system, Individual Note Certificates for the relevant Series of Notes will not be eligible for clearing and settlement through such clearing systems.

Conditions applicable to Global Notes

Each Global Note and Global Note Certificate will contain provisions which modify the Conditions as they apply to the Global Note or Global Note Certificate. The following is a summary of certain of those provisions:

Payments: All payments in respect of the Global Note or Global Note Certificate which, according to the Conditions, require presentation and/or surrender of a Note, Note Certificate or Coupon will be made against presentation and (in the case of payment of principal in full with all interest accrued thereon) surrender of the Global Note or Global Note Certificate to or to the order of any Paying Agent and will be effective to satisfy and discharge the corresponding liabilities of the relevant Issuer in respect of the Notes. On each occasion on which a payment of principal or interest is made in respect of the Global Note, the relevant Issuer shall procure that in respect of a CGN

the payment is noted in a schedule thereto and in respect of an NGN the payment is entered pro rata in the records of Euroclear and Clearstream, Luxembourg.

Payment Business Day: in the case of a Global Note or a Global Note Certificate, shall be: if the currency of payment is euro, any day which is a TARGET Settlement Day and a day on which dealings in foreign currencies may be carried on in each (if any) Additional Financial Centre; or, if the currency of payment is not euro, any day which is a day on which dealings in foreign currencies may be carried on in the Principal Financial Centre of the currency of payment and in each (if any) Additional Financial Centre.

Payment Record Date: Each payment in respect of a Global Note Certificate will be made to the person shown as the Holder in the Register at the close of business (in the relevant clearing system) on the Clearing System Business Day before the due date for such payment (the "**Record Date**") where "**Clearing System Business Day**" means a day on which each clearing system for which the Global Note Certificate is being held is open for business.

Exercise of put option: In order to exercise the option contained in Condition 9(e) (*Redemption and Purchase - Redemption at the option of Noteholders*) the bearer of a Permanent Global Note or the holder of a Global Note Certificate must, within the period specified in the Conditions for the deposit of the relevant Note and put notice, give written notice of such exercise to the Principal Paying Agent specifying the principal amount of Notes in respect of which such option is being exercised. Any such notice will be irrevocable and may not be withdrawn.

Notices: Notwithstanding Condition 23 (*Notices*), while all the Notes are represented by a Permanent Global Note (or by a Permanent Global Note and/or a Temporary Global Note) or a Global Note Certificate and the Permanent Global Note is (or the Permanent Global Note and/or the Temporary Global Note are), or the Global Note Certificate is deposited with a depositary or a common depositary for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system or a common safekeeper, notices to Noteholders may be given by delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and, in any case, such notices shall be deemed to have been given to the Noteholders in accordance with Condition 23 (*Notices*) on the date of delivery to Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system.

- (a) *Status of the Notes:* The Notes constitute direct, general, unconditional and unsubordinated obligations of the Issuer which will at all times rank *pari passu* among themselves and at least *pari passu* with all other present and future unsecured obligations of the Issuer, save for such obligations as may be preferred by provisions of law that are both mandatory and of general application.
- (b) *Guarantee of the Notes:* The Guarantor has in the Deed of Guarantee unconditionally and irrevocably guaranteed the due and punctual payment of all sums from time to time payable by the Issuer in respect of the Notes. This Guarantee of the Notes constitutes direct, general, unconditional and unsubordinated obligations of the Guarantor which will at all times rank at least *pari passu* with all other present and future unsecured obligations of the Guarantor, save for such obligations as may be preferred by provisions of law that are both mandatory and of general application.

5. **Negative Pledge**

So long as any Note remains outstanding, neither the Issuer nor the Guarantor shall, and the Issuer and the Guarantor shall procure that none of their respective Subsidiaries will, create or permit to subsist any Security Interest, other than a Permitted Security Interest, upon the whole or any part of its present or future undertaking, assets or revenues (including uncalled capital) to secure any Relevant Indebtedness or Guarantee of Relevant Indebtedness without (a) at the same time or prior thereto securing the Notes equally and rateably therewith or (b) providing such other security for the Notes as may be approved by an Extraordinary Resolution of Noteholders.

6. **Fixed Rate Note Provisions**

- (a) *Application:* This Condition 6 (*Fixed Rate Note Provisions*) is applicable to the Notes only if the Fixed Rate Note Provisions are specified in the relevant Pricing Supplement as being applicable.
- (b) *Accrual of interest:* The Notes bear interest from the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 10 (*Payments – Bearer Notes*) and Condition 11 (*Payments – Registered Notes*). Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 6 (*Fixed Rate Note Provisions*) (as well after as before judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Principal Paying Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).
- (c) *Fixed Coupon Amount:* The amount of interest payable in respect of each Note for any Interest Period shall be the relevant Fixed Coupon Amount and, if the Notes are in more than one Specified Denomination, shall be the relevant Fixed Coupon Amount in respect of the relevant Specified Denomination.
- (d) *Calculation of interest amount:* The amount of interest payable in respect of each Note for any period for which a Fixed Coupon Amount is not specified shall be calculated by applying the Rate of Interest to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of such Note divided by the Calculation Amount. For this purpose a "**sub-unit**" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.

7. **Floating Rate Note Provisions**

- (a) *Application:* This Condition 7 (*Floating Rate Note Provisions*) is applicable to the Notes only if the Floating Rate Note Provisions are specified in the relevant Pricing Supplement as being applicable.

- (b) *Accrual of interest:* The Notes bear interest from the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 10 (*Payments – Bearer Notes*) and Condition 11 (*Payments – Registered Notes*). Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition (as well after as before judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Principal Paying Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).
- (c) *Screen Rate Determination:* If Screen Rate Determination is specified in the relevant Pricing Supplement as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be determined by the Calculation Agent on the following basis:
- (i) if the Reference Rate is a composite quotation or customarily supplied by one entity, the Calculation Agent will determine the Reference Rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
 - (ii) in any other case, the Calculation Agent will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;
 - (iii) if, in the case of (i) above, such rate does not appear on that page or, in the case of (ii) above, fewer than two such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable, the Calculation Agent will:
 - (A) request the principal Relevant Financial Centre office of each of the Reference Banks to provide a quotation of the Reference Rate at approximately the Relevant Time on the Interest Determination Date to prime banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time; and
 - (B) determine the arithmetic mean of such quotations; and
 - (iv) if fewer than two such quotations are provided as requested, the Calculation Agent will determine the arithmetic mean of the rates (being the nearest to the Reference Rate, as determined by the Calculation Agent) quoted by major banks in the Principal Financial Centre of the Specified Currency, selected by the Calculation Agent, at approximately 11.00 a.m. (local time in the Principal Financial Centre of the Specified Currency) on the first day of the relevant Interest Period for loans in the Specified Currency to leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time,

and the Rate of Interest for such Interest Period shall be the sum of the Margin and the rate or (as the case may be) the arithmetic mean so determined; **provided, however, that** if the Calculation Agent is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to the Notes during such Interest Period will be the sum of the Margin and the rate or (as the case may be) the arithmetic mean last determined in relation to the Notes in respect of a preceding Interest Period.

- (d) *ISDA Determination:* If ISDA Determination is specified in the relevant Pricing Supplement as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be the sum of the Margin and the relevant ISDA Rate where "ISDA Rate" in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:
- (i) the Floating Rate Option (as defined in the ISDA Definitions) is as specified in the relevant Pricing Supplement;

- (ii) the Designated Maturity (as defined in the ISDA Definitions) is a period specified in the relevant Pricing Supplement; and
 - (iii) the relevant Reset Date (as defined in the ISDA Definitions) is either (A) if the relevant Floating Rate Option is based on the London inter-bank offered rate (LIBOR) for a currency, the first day of that Interest Period or (B) in any other case, as specified in the relevant Pricing Supplement.
- (e) *Maximum or Minimum Rate of Interest:* If any Maximum Rate of Interest or Minimum Rate of Interest is specified in the relevant Pricing Supplement, then the Rate of Interest shall in no event be greater than the maximum or be less than the minimum so specified.
- (f) *Calculation of Interest Amount:* The Calculation Agent will, as soon as practicable after the time at which the Rate of Interest is to be determined in relation to each Interest Period, calculate the Interest Amount payable in respect of each Note for such Interest Period. The Interest Amount will be calculated by applying the Rate of Interest for such Interest Period to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of the relevant Note divided by the Calculation Amount. For this purpose a "sub-unit" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent.
- (g) *Publication:* The Calculation Agent will cause each Rate of Interest and Interest Amount determined by it, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it together with any relevant payment date(s) to be notified to the Paying Agents and each competent authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation as soon as practicable after such determination but (in the case of each Rate of Interest, Interest Amount and Interest Payment Date) in any event not later than the first day of the relevant Interest Period. Notice thereof shall also promptly be given to the Noteholders. The Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant Interest Period. If the Calculation Amount is less than the minimum Specified Denomination the Calculation Agent shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Note having the minimum Specified Denomination.
- (h) *Notifications etc:* All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 7 (*Floating Rate Note Provisions*) by the Calculation Agent will (in the absence of manifest error) be binding on the Issuer, the Guarantor, the Paying Agents, the Noteholders and the Couponholders and (subject as aforesaid) no liability to any such Person will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.

8. **Zero Coupon Note Provisions**

- (a) *Application:* This Condition 8 (*Zero Coupon Note Provisions*) is applicable to the Notes only if the Zero Coupon Note Provisions are specified in the relevant Pricing Supplement as being applicable.
- (b) *Late payment on Zero Coupon Notes:* If the Redemption Amount in respect of any Zero Coupon Note upon its becoming due and payable is improperly withheld or refused, the Redemption Amount shall thereafter be an amount equal to the sum of:
- (i) the Reference Price; and
 - (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price on the basis of the relevant Day Count Fraction from (and including) the Issue Date to (but excluding) whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Principal Paying Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

9. **Redemption and Purchase**

- (a) *Scheduled redemption:* Unless previously redeemed, or purchased and cancelled, the Notes will be redeemed at their Final Redemption Amount on the Maturity Date, subject as provided in Condition 10 (*Payments – Bearer Notes*) and Condition 11 (*Payments – Registered Notes*).
- (b) *Redemption for tax reasons:* The Notes may be redeemed at the option of the Issuer in whole, but not in part:
- (i) at any time (if the Floating Rate Note Provisions are not specified in the relevant Pricing Supplement as being applicable); or
 - (ii) on any Interest Payment Date (if the Floating Rate Note Provisions are specified in the relevant Pricing Supplement as being applicable),

on giving not less than 30 nor more than 60 days' notice to the Noteholders, or such other period(s) as may be specified in the relevant Pricing Supplement, (which notice shall be irrevocable), at their Early Redemption Amount (Tax), together with interest accrued (if any) to the date fixed for redemption, if:

- (A) the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 16 (*Taxation*) or the Guarantor would be unable for reasons outside its control to procure payment by the Issuer and in making payment itself would be required to pay such additional amounts, in each case as a result of any change in, or amendment to, the laws or regulations of the Kingdom of Denmark or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations (including a holding by a court of competent jurisdiction), which change or amendment becomes effective on or after agreement is reached to issue the first Tranche of the Notes; and

- (B) such obligation cannot be avoided by the Issuer taking reasonable measures available to it,

provided, however, that no such notice of redemption shall be given earlier than:

- (1) where the Notes may be redeemed at any time, 90 days (or such other period as may be specified in the relevant Pricing Supplement) prior to the earliest date on which the Issuer or, as the case may be, the Guarantor, would be obliged to pay such additional amounts if a payment in respect of the Notes were then due; or
- (2) where the Notes may be redeemed only on an Interest Payment Date, 60 days (or such other period as may be specified in the relevant Pricing Supplement) prior to the Interest Payment Date occurring immediately before the earliest date on which the Issuer would be obliged to pay such additional amounts if a payment in respect of the Notes were then due.

Prior to the publication of any notice of redemption pursuant to this Condition, the Issuer shall deliver to the Principal Paying Agent (A) a certificate signed by two directors of the Issuer or, as the case may be, two directors of the Guarantor, stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred of and (B) an opinion of independent legal advisers of recognised standing to the effect that the Issuer has or will become obliged to pay such additional amounts as a result of such change or amendment. Upon the expiry of any such notice as is referred to in this Condition 9(b) (*Redemption and Purchase - Redemption for tax reasons*), the Issuer shall be bound to redeem the Notes in accordance with this Condition 9(b) (*Redemption and Purchase - Redemption for tax reasons*).

- (c) *Redemption at the option of the Issuer:* If the Call Option is specified in the relevant Pricing Supplement as being applicable, the Notes may be redeemed at the option of the Issuer in whole or in part on any Optional Redemption Date (Call) at the relevant Optional Redemption Amount (Call) on the Issuer's giving not less than 30 nor more than 60 days' notice to the Noteholders, or such other period(s) as may be specified in the relevant Pricing Supplement, (which notice shall be irrevocable and shall oblige the Issuer to redeem all or

some only of the Notes on the relevant Optional Redemption Date (Call) at the Optional Redemption Amount (Call) plus accrued interest (if any) to such date).

- (d) *Partial redemption:* If the Notes are to be redeemed in part only on any date in accordance with Condition 9(c) (*Redemption and Purchase - Redemption at the option of the Issuer*), in the case of Bearer Notes, the Notes to be redeemed shall be selected by the drawing of lots in such place as the Principal Paying Agent approves and in such manner as the Principal Paying Agent considers appropriate, subject to compliance with applicable law, the rules of each competent authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation and the notice to Noteholders referred to in Condition 9(c) (*Redemption and Purchase - Redemption at the option of the Issuer*) shall specify the serial numbers of the Notes so to be redeemed, and, in the case of Registered Notes, each Note shall be redeemed in part in the proportion which the aggregate principal amount of the outstanding Notes to be redeemed on the relevant Optional Redemption Date (Call) bears to the aggregate principal amount of outstanding Notes on such date. If any Maximum Redemption Amount or Minimum Redemption Amount is specified in the relevant Pricing Supplement, then the Optional Redemption Amount (Call) shall in no event be greater than the maximum or be less than the minimum so specified.
- (e) *Redemption at the option of Noteholders:* If the Put Option is specified in the relevant Pricing Supplement as being applicable, the Issuer shall, at the option of the Holder of any Note redeem such Note on the Optional Redemption Date (Put) specified in the relevant Put Option Notice at the relevant Optional Redemption Amount (Put) together with interest (if any) accrued to such date. In order to exercise the option contained in this Condition 9(e) (*Redemption and Purchase - Redemption at the option of Noteholders*), the holder of a Note must, not less than 30 nor more than 60 days before the relevant Optional Redemption Date (Put) (or such other period(s) as may be specified in the relevant Pricing Supplement), deposit with any Paying Agent such Note together with all unmatured Coupons relating thereto and a duly completed Put Option Notice in the form obtainable from any Paying Agent. The Paying Agent with which a Note is so deposited shall deliver a duly completed Put Option Receipt to the depositing Noteholder. No Note, once deposited with a duly completed Put Option Notice in accordance with this Condition 9(e) (*Redemption and Purchase - Redemption at the option of Noteholders*), may be withdrawn; **provided, however, that** if, prior to the relevant Optional Redemption Date (Put), any such Note becomes immediately due and payable or, upon due presentation of any such Note on the relevant Optional Redemption Date (Put), payment of the redemption moneys is improperly withheld or refused, the relevant Paying Agent shall mail notification thereof to the depositing Noteholder at such address as may have been given by such Noteholder in the relevant Put Option Notice and shall hold such Note at its Specified Office for collection by the depositing Noteholder against surrender of the relevant Put Option Receipt. For so long as any outstanding Note is held by a Paying Agent in accordance with this Condition 9(e) (*Redemption and Purchase - Redemption at the option of Noteholders*), the depositor of such Note and not such Paying Agent shall be deemed to be the holder of such Note for all purposes.
- (f) *Redemption at the option of Noteholders following a change of control:* If the Change of Control Put Option is specified in the relevant Pricing Supplement as being applicable, then if at any time while any Note remains outstanding, (i) a Change of Control occurs and (ii) within the Change of Control Period (A) (if at the time that the Change of Control occurs either the Notes are or the Issuer or its debt are rated by a Rating Agency) a Rating Downgrade in respect of that Change of Control occurs, or (B) (if at such time the Notes or the Issuer or its debt are not rated) a Negative Rating Event in respect of that Change of Control occurs, then any Noteholder will have the option (the "**Change of Control Put Option**") (unless, prior to the giving of the Change of Control Notice (as defined below), the Issuer gives notice of its intention to redeem the Notes under Condition 9(b) (*Redemption and Purchase - Redemption for tax reasons*)) to require the Issuer to redeem or, at the Issuer's option, to purchase or procure the purchase of that Note on the Change of Control Optional Redemption Date (as defined below), at its principal amount together with (or, where purchased, together with an amount equal to) accrued interest (if any) up to but excluding the Change of Control Optional Redemption Date.

For the purposes of this Condition:

"**Change of Control**" shall be deemed to have occurred if any person or group of persons acting in concert gains control of the Issuer or if the Issuer ceases to be organised as a Danish co-operative whose members have limited liability (Danish: *andelsselskab med begrænset ansvar*);

"**Change of Control Period**" means the period ending 180 days after the Relevant Announcement Date (or such longer period for which the Notes are under consideration (such consideration having been announced

"Rating Agency" means each of Standard & Poor's Rating Services, a division of The McGraw-Hill Companies, Inc. ("**S&P**"), Moody's Investors Service Limited ("**Moody's**") and Fitch Ratings Limited ("**Fitch**") and their successors or any other rating agency of equivalent international standing specified from time to time by the Issuer;

A **"Rating Downgrade"** shall be deemed to have occurred in respect of a Change of Control if within the Change of Control Period the rating previously assigned to the Notes by any Rating Agency is (x) withdrawn or (y) changed from an Investment Grade Rating to a non Investment Grade Rating (BB+ by S&P or Fitch/Ba1 by Moody's, or their equivalent for the time being, or worse) or (z) (if the rating assigned to the Notes by any Rating Agency shall, immediately prior to the Change of Control Period, be below an Investment Grade Rating) lowered one full rating category (for example, from BB+ to BB by S&P or Fitch or Ba1 to Ba2 by Moody's or such similar lower or equivalent rating), provided that a Rating Downgrade otherwise arising by virtue of a particular change in rating shall be deemed not to have occurred in respect of a particular Change of Control if the Rating Agency making the change in rating to which this definition would otherwise apply does not publicly announce or confirm in writing to the Issuer that the reduction was the result, in whole or in part, of any event or circumstance comprised in or arising as a result of, or in respect of, the applicable Change of Control;

"Relevant Announcement Date" means the date that is the earlier of (a) the date of the first public announcement of the relevant Change of Control and (b) the date of the earliest Relevant Potential Change of Control Announcement (if any); and

"Relevant Potential Change of Control Announcement" means any public announcement or statement by or on behalf of the Issuer, any actual or potential bidder or any adviser acting on behalf of any actual or potential bidder relating to any potential Change of Control where, within 90 days following the date of such announcement or statement, a Change of Control occurs.

Within three Business Days of the Issuer becoming aware that a Change of Control has occurred, the Issuer shall give notice (a **"Change of Control Notice"**) to the Noteholders in accordance with Condition 23 (*Notices*) specifying the nature of the Change of Control and the circumstances giving rise to it and the procedure for exercising the Change of Control Put Option contained in this Condition.

To exercise the Change of Control Put Option, the Noteholder must deliver to the Issuer, within the period (the **"Change of Control Put Period"**) of 45 days after the day on which the Change of Control Notice is given a duly signed and completed Put Option Notice obtainable from the registered office of the Issuer. The Issuer shall make available to the Noteholder promptly on request a form of the Put Option Notice.

The Issuer shall redeem, or at its option, purchase or procure the purchase of the Notes in respect of which the Change of Control Put Option has been validly exercised as provided above on the date which is the fifth Business Day following the end of the Change of Control Put Period, in accordance with Condition 10 (*Payments – Bearer Notes*) and Condition 11 (*Payments – Registered Notes*), Condition 12 (*Payments –*

No duly completed Put Option Notice, once so delivered in accordance with this Condition 9(f) (*Redemption and Purchase - Redemption at the option of Noteholders following a change of control*) may be withdrawn.

If 80 per cent. or more in principal amount of the Notes outstanding at the beginning of the Change of Control Put Period have been redeemed or purchased, the Issuer may, at its option, on not less than 30 nor more than 60 days' notice to the Noteholders given in accordance with Condition 23 (*Notices*) within 30 days after the Change of Control Optional Redemption Date redeem or, at its option, purchase (or procure the purchase of) all (but not some only) of the remaining Notes, as a whole at their principal amount together with interest accrued to but excluding the date of redemption or purchase.

- (g) *No other redemption:* The Issuer shall not be entitled to redeem the Notes otherwise than as provided in Conditions 9(a) (*Redemption and Purchase - Scheduled redemption*) to (e) (*Redemption and Purchase – Redemption at the option of Noteholders*) above.
- (h) *Early redemption of Zero Coupon Notes:* Unless otherwise specified in the relevant Pricing Supplement, the Redemption Amount payable on redemption of a Zero Coupon Note at any time before the Maturity Date shall be an amount equal to the sum of:
 - (i) the Reference Price; and
 - (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) the date fixed for redemption or (as the case may be) the date upon which the Note becomes due and payable.

Where such calculation is to be made for a period which is not a whole number of years, the calculation in respect of the period of less than a full year shall be made on the basis of such Day Count Fraction as may be specified in the Pricing Supplement for the purposes of this Condition 9(h) (*Redemption and Purchase – Early redemption of Zero Coupon Notes*) or, if none is so specified, a Day Count Fraction of 30E/360.

- (i) *Purchase:* The Issuer, the Guarantor or any of their respective Subsidiaries may at any time purchase Notes in the open market or otherwise and at any price, **provided that** all unmatured Coupons are purchased therewith. This Condition 10 (*Payments – Bearer Notes*) is only applicable to Bearer Notes.

- (a) *Principal:* Payments of principal shall be made only against presentation and (**provided that** payment is made in full) surrender of Bearer Notes at the Specified Office of any Paying Agent outside the United States by cheque drawn in the currency in which the payment is due on, or by transfer to an account denominated in that currency (or, if that currency is euro, any other account to which euro may be credited or transferred) and maintained by the payee with, a bank in the Principal Financial Centre of that currency.
- (b) *Interest:* Payments of interest shall, subject to Condition 10(h) (*Payments – Bearer Notes - Payments other than in respect of matured Coupons*) below, be made only against presentation and (**provided that** payment is made in full) surrender of the appropriate Coupons at the Specified Office of any Paying Agent outside the United States in the manner described in Condition 10(a) (*Payments – Bearer Notes – Principal*) above.
- (c) *Payments in New York City:* Payments of principal or interest may be made at the Specified Office of a Paying Agent in New York City if (i) the Issuer has appointed Paying Agents outside the United States with the reasonable expectation that such Paying Agents will be able to make payment of the full amount of the interest on the Notes in the currency in which the payment is due when due, (ii) payment of the full amount of such interest at the offices of all such Paying Agents is illegal or effectively precluded by exchange controls or other similar restrictions and (iii) payment is permitted by applicable United States law.

- (d) *Payments subject to fiscal laws:* All payments in respect of the Bearer Notes are subject in all cases to any applicable fiscal or other laws and regulations in the place of payment, but without prejudice to the provisions of Condition 16 (*Taxation*). No commissions or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.
- (e) *Deductions for unmatured Coupons:* If the relevant Pricing Supplement specifies that the Fixed Rate Note Provisions are applicable and a Bearer Note is presented without all unmatured Coupons relating thereto:

In relation to Swedish Notes only, meetings of Holders shall be held in accordance with the Agency Agreement.

- (b) *Modification:* The Notes, these Conditions and the Deed of Guarantee may be amended without the consent of the Noteholders or the Couponholders to correct a manifest error. In addition, the parties to the Agency Agreement, the Danish Agency Agreement, the Norwegian Agency Agreement and the Swedish Agency Agreement may agree to modify any provision thereof, but the Issuer and the Guarantor shall not

agree, without the consent of the Noteholders, to any such modification unless it is of a formal, minor or technical nature, it is made to correct a manifest error or it is, in the opinion of such parties, not materially prejudicial to the interests of the Noteholders.

The Issuer may from time to time, without the consent of the Noteholders or the Couponholders, create and issue further notes having the same terms and conditions as the Notes in all respects (or in all respects except for the first payment of interest) so as to form a single series with the Notes.

This indemnity constitutes a separate and independent obligation of the Issuer and shall give rise to a separate and independent cause of action.

25. **Provision of Information**

In relation to Danish Notes, each Holder agrees and gives consent to VP Denmark to provide to the Danish Issuing Agent, upon request, information registered with VP Denmark relating to the Danish Notes and the Holders of the Danish Notes in order that the Danish Issuing Agent may provide any relevant Danish

authorities, including the Financial Supervisory Authority of Denmark (in Danish: *Finanstilsynet*) and the Danish tax authorities with any information required under applicable Danish laws. Such information shall include, but not be limited to, the identity of the holder of the Danish Notes, the residency of the holder of the Danish Notes, the number of Danish Notes of the relevant holder and the address of the relevant holder.

In relation to Norwegian Notes, each Holder agrees and gives consent to VPS Norway to provide to the Norwegian Issuing Agent, upon request, information registered with VPS Norway relating to the Norwegian Notes and the Holders of the Norwegian Notes in order that the Norwegian Issuing Agent may provide any relevant Norwegian authorities, including the Financial Supervisory Authority of Norway (in Norwegian: *Finanstilsynet*) and the Norwegian tax authorities with any information required under applicable Norwegian laws. Such information shall include, but not be limited to, the identity of the registered holder of the Norwegian Notes, the residency of the registered holder of the Norwegian Notes, the number of Norwegian Notes registered with the relevant holder, the address of the relevant holder, the account operator in respect of the relevant VPS Norway account (in Norwegian: *kontofører*) and whether or not the Norwegian Notes are registered in the name of a nominee and the identity of any such nominee.

In relation to Swedish Notes, unless otherwise provided in the relevant Pricing Supplement, each Issuer shall have access to the register of Holders of Swedish Notes issued by that Issuer (in Swedish: *insyn i skuldboken*).

26. **Rounding**

For the purposes of any calculations referred to in these Conditions (unless otherwise specified in these Conditions or the relevant Pricing Supplement), (a) all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005 per cent. being rounded up to 0.00001 per cent.), (b) all United States dollar amounts used in or resulting from such calculations will be rounded to the nearest cent (with one half cent being rounded up), (c) all Japanese Yen amounts used in or resulting from such calculations will be rounded downwards to the next lower whole Japanese Yen amount, and (d) all amounts denominated in any other currency used in or resulting from such calculations will be rounded to the nearest two decimal places in such currency, with 0.005 being rounded upwards.

27. **Governing Law and Jurisdiction**

- (a) *Governing law.* The Notes and any non-contractual obligations arising out of or in connection with the Notes are governed by English law. In relation to Danish Notes, Danish law and jurisdiction will be applicable with regard to the registration of such Notes in VP Denmark and Danish Notes must comply with the Danish Securities Trading Act (Consolidated Act No. 219 of 20 February 2013) as amended from time to time (in Danish: *Værdipapirhandelsloven*) and the No. 369 of 16 May 2009 Danish Executive Order No. 369 of 16 May 2009 on Book entry etc. of dematerialised Securities in a Central Securities Depository as amended from time to time. Norwegian law and jurisdiction will be applicable with regard to the registration of such Norwegian Notes in VPS Norway. Swedish law and jurisdiction will be applicable with regard to the registration of such Swedish Notes in Euroclear Sweden and the Swedish Notes must comply with the SFIA Act.
- (b) *English courts.* The courts of England have exclusive jurisdiction to settle any dispute (a "**Dispute**") arising out of or in connection with the Notes (including any non-contractual obligation arising out of or in connection with the Notes).
- (c) *Appropriate forum.* The Issuer agrees that the courts of England are the most appropriate and convenient courts to settle any Dispute and, accordingly, that it will not argue to the contrary.
- (d) *Rights of the Noteholders to take proceedings outside England.* Condition 27(b) (*Governing law and jurisdiction - English courts*) is for the benefit of the Noteholders only. As a result, nothing in this Condition 27 (*Governing Law and Jurisdiction*) prevents any Noteholder from taking proceedings relating to a Dispute ("**Proceedings**") in any other courts with jurisdiction. To the extent allowed by law, Noteholders may take concurrent Proceedings in any number of jurisdictions. Notwithstanding that, under the SFIA Act or the operating procedures, rules and regulations of Euroclear Sweden (together, the "**Swedish Remedies**"), Holders of Swedish Notes may have remedies against the Issuer for non-payment or non-performance under the Conditions applicable to such Swedish Notes. A Swedish Note Holder must first exhaust all available remedies under English law for non-payment or non-performance before any

Proceedings may be brought against the Issuer in Sweden in respect of the Swedish Remedies. Notwithstanding the above, and in this limited respect only, a Holder of Swedish Notes may therefore not take concurrent Proceedings in Sweden.

- (e) *Process agent:* The Issuer agrees that the documents which start any Proceedings and any other documents required to be served in relation to those Proceedings may be served on it by being delivered to Arla Foods UK plc at Arla House, 4 Savannah Way, Leeds Valley Park, Leeds LS10 1AB or, if different, its registered office for the time being or at any address of the Issuer in Great Britain at which process may be served on it in accordance with the Companies Act 2006. If such person is not or ceases to be effectively appointed to accept service of process on behalf of the Issuer, the Issuer shall, on the written demand of any Noteholder addressed and delivered to the Issuer (with a copy to the Principal Paying Agent) appoint a further person in England to accept service of process on its behalf and, failing such appointment within 15 days, any Noteholder shall be entitled to appoint such a person by written notice addressed to the Issuer and delivered to the Issuer or to the Specified Office of the Principal Paying Agent. Nothing in Condition 27(e) (*Governing Law and Jurisdiction – Process agent*) shall affect the right of any Noteholder to serve process in any other manner permitted by law. This Condition applies to Proceedings in England and to Proceedings elsewhere.

DESCRIPTION OF ARLA FOODS AMBA

General

Arla Foods amba ("ARLA") was formed on 17 April 2000 following the de facto merger between the Danish co-operative society MD Foods amba and the Swedish co-operative society Arla Ekonomisk Förening. The merger established a business with the scale required to be a strong partner to its core customers, the major food retailing groups. With effect from 1 October 2012 ARLA merged with the co-operatives Milk Union Hocheifel in Germany and Milk Link in the United Kingdom.

ARLA is a co-operative now owned by approximately 12,000 milk producers predominantly in Denmark, Sweden, Germany and United Kingdom. In the financial year ended 31 December 2012, ARLA and its subsidiaries (the "**Group**") processed 10.4 billion kg of raw milk and had a net revenue of DKK 63 billion.

The United Kingdom, Sweden, Germany and Denmark are the largest contributors to total turnover, accounting for 69 per cent. of turnover in 2012. Besides Denmark, Sweden, Germany, the United Kingdom and Finland, the Group has production plants in Argentina, Brazil, Canada, China, the Netherlands, Saudi Arabia, Poland and the United States of America.

ARLA produces milk-based products covering the entire spectrum of dairy products under own-brand and private-brand names including Lurpak®, Arla Bregott®, Arla Kærgården® and Anchor® (butter and spreads), Arla® Master Brand and Arla® Cow (mainly fresh products), Castello® (cheese), Arla Buko® and Puck® (cream cheese and processed cheese), Apetina® and Keso® (white cheese), Yoggi® (yoghurt), Dano® and Milex® (milk powders) as well as many other brands.

ARLA was incorporated and registered in Denmark on 17 April 2000 with registered number 25313763 and is a cooperative with limited liability under Danish Law. The head office and the registered office are located at Sønderhøj 14, 8260 Viby J, Denmark and its telephone number is +45 89 38 10 00. The fiscal year of ARLA is the calendar year.

ARLA is the holding company of the Group as well as the largest operating company. Most of the Danish operations, including the processing and sale of 4.4 billion kilograms of raw milk, are part of ARLA's business.

On 31 December 2012, the total assets of ARLA on a consolidated basis amounted to DKK 43.5 billion, of which the total equity of ARLA amounted to DKK 10.9 billion.

Cooperative Characteristics

As a Danish cooperative, ARLA is fully owned by the milk producers, being cooperative members. The ownership rights in ARLA are not tradable by the cooperative members and there is only one class of membership. No contribution is required to become a member and generally no payment is made on ceasing to be a member. Those members holding the delivery-based owner certificates or contributed capital may upon cessation of membership, at the discretion of the Board of Representatives, withdraw any capital which they have accumulated in their member's accounts. As of 31 December 2012, the total amount of contributed capital and delivery-based owner certificates in such accounts was DKK 2,463 million and the total number of members was 12,256.

ARLA's consolidation policy is considered to be the same as a dividend policy for a listed company. Total equity of ARLA as at 31 December 2012 was DKK 10,918 million, with all capital fully paid up. The unallocated equity (total equity excluding contributed capital and delivery-based owner certificates) of ARLA as at 31 December 2012 was DKK 8,455 million. The remainder is made up of delivery-based owner certificates and contributed capital. Delivery-based owner certificates, established in accordance with article 19(1)(ii) of ARLA's Articles of Association and accompanying regulations, are owned directly by individual members, with deposits in the certificates of each owner payable on termination of membership of ARLA in accordance with the provisions of the regulations and subject to the approval of the Board of Representatives. The contributed capital established in accordance with article 19(1)(iii) of ARLA's Articles of Association, with the individual member's balance as contributed capital payable on termination of membership of ARLA in accordance with the provisions of the regulations and subject to the approval of the Board of Representatives. A reserve for special purposes was created with effect from 1 January 2012 and may upon the proposal of the Board of Directors only be applied by the Board of Representatives for the full or partial offsetting of material, extraordinary losses or impairments, in accordance with article 19 (3) of ARLA's Articles of Association. Other than the delivery-based owner certificates and contributed capital, the capital is owned collectively by ARLA as a cooperative.

The liability of members is limited to the capital which they have accumulated within their member's accounts and each member is entitled to one vote irrespective of the amount in such accounts. The organisational set-up of a Danish cooperative is very much similar to that of a limited company. The functions of the Board of Directors and the Executive Management Board are substantively the same as those of a limited company. The members' influence is exercised via the Board of Representatives, which consists of a large group of members. These representatives are elected to represent the collective interests of the cooperative's members.

The object of ARLA is to further the financial interests of its cooperative members by carrying on dairy business, including receiving, processing and selling the milk produced by its members as well as to carry on any business which is directly or indirectly related to the above activities. Hence, ARLA is considered the marketing arm of its cooperative members and it is generally accepted that the payment to members for raw milk is directly linked to the return generated by the Group's processing and sale of the milk.

ARLA's Articles of Association stipulate in article 19.2 that "no payment can be made to the cooperative's members which reduce the total of the cooperative's capital account." Hence, ARLA regulates the price of raw milk bought from its members to reach a target profit for the year of between 2.5 per cent. and 3.0 per cent. of turnover.

As ARLA's members are both owners of and suppliers to the cooperative, ARLA has a high degree of member stability in terms of raw milk supply, even though the number of members has been and is still decreasing, reflecting the general structural trend in agriculture production towards fewer and larger production units. Members have an obligation to deliver the bulk part or all of their production of raw milk to ARLA. This gives a steady supply of raw materials to ARLA and the Group's processing companies.

Ownership Structure:

Number of members as at 31 December 2012. The Board of Directors consists of 10-16 cooperative members elected among the members and 3 elected among the employees.

Legal Group Structure

ARLA holds directly or indirectly the respective interests in the Group's operating companies. The following diagram shows a summary of the structure of the Group as of 1 April 2013.

History

ARLA is the seventh largest dairy company in the world by turnover (source: 2012 Rabobank survey – based on 2011 annual reports and M&A transactions completed between 1 January and 15 October 2012). ARLA can trace its beginnings back more than 100 years. In 2000, Swedish Arla Ekonomisk Förening and Danish MD Foods amba de facto merged by transfer of their membership ownership rights to ARLA to form Arla Foods amba. On 7 April 2011 an additional 645 German cooperative members became owners following the de facto merger of ARLA with Hansa Milch and finally on 1 October 2012 approximately 2,500 cooperative members from Milch-Union Hocheifel (MUH) in Germany and nearly 1,600 cooperative members from the 4th largest dairy company in United Kingdom, Milk Link became members following the de facto merger into ARLA of those two companies.

In 2009, ARLA bought the Nijkerk plant from Friesland Campina whereby ARLA established a solid platform for developing its business in the Netherlands.

In March 2011, ARLA de facto merged with Hansa Milch AG of Northern Germany and made an important entry into the German fresh milk market.

Also in March 2011, ARLA announced a whey processing partnership with DMK (future merger of Nordmilch and Humana), pursuant to which DMK and ARLA will establish a joint venture in which each of them will hold a 50 per cent. stake to extract synergies in the processing of whey. The name of the new joint venture will be ArNoCo GmbH & Co. KG, and the two partners will invest a total of around EUR 44 million.

In October 2011, ARLA de facto merged with Milko, the third largest Swedish dairy company and an additional 550 milk producers became members of ARLA.

In June 2012 ARLA indirectly became a co-owner in the listed China Mengniu Dairy Company Limited by investing approximately DKK 1,750 million in a joint venture with the Chinese state-owned investment company COFCO. The joint venture controls 19.52 per cent. (Source: Bloomberg 22 April 2013) of Mengniu. In connection with the transaction ARLA and Mengniu entered into an agreement for Mengniu to exploit the Arla® trademark in the Chinese market.

On 1 October 2012 ARLA de facto merged with one of the Germany's ten largest dairy companies, the cooperative Milk Union Hochiefel (MUH) adding a revenue of around DKK 5 billion and 1.2 billion kilograms of raw milk to the German business. As a result the merger ARLA became one of the top 3 dairy companies in Germany (Source: www.milkindustrie.de). The merger creates coherence for ARLA in Germany and is a natural part of the business strategy. MUH's product range supplements ARLA's product range and the production facilities will strengthen ARLA's other activities in Germany.

Also on 1 October 2012 ARLA de facto merged with Milk Link Holding Ltd. adding approximately DKK 5 billion in revenue and 1.4 billion kilograms of milk in the United Kingdom. The United Kingdom is the single largest market of ARLA and as a result of the transaction, ARLA will be one of the largest dairy company in the United Kingdom (source: Competitor information and ARLA internal analysis). The merger ensures the supply of raw milk and will add cheese as a product available to its customers. Milk Link is one of the largest cheese producer in the United Kingdom (source: Competitor information and ARLA internal analysis).

Strategy

In 2008, ARLA announced its strategic ambition to increase its revenue by 50 per cent. to around DKK 75 billion in 2013 by acquisitions and organic growth. Due to the financial turmoil in 2008 and 2009 the strategy period in

which to achieve this increase was extended by 2 years to 2015 ("**Strategy 2015**"). ARLA has achieved most of the milestones set in the Strategy 2015, including: Become the number 1 dairy company in the United Kingdom by revenue, be in top 3 in Germany by revenue and nearly double the revenue in the whey business and achieve a DKK 75 billion revenue target (almost achieved). In response to the goals already achieved in the Strategy 2015, ARLA revised and extended the strategy into a new Strategy 2017.

The most significant change is the increased focus on Middle East and Africa (MEA), Russia and China where ARLA expects underlying increased demand for dairy products based on increased wealth and favorable demographic development. In 2015 the EU's milk quota system will be abolished and ARLA expects its members to produce at least 1 billion kilograms of extra milk annually toward 2020. The aim of ARLA's strategy is to export its milk from Europe to those areas. Russia, China, the Middle East and Africa are key emerging markets, where ARLA will invest in sales and marketing, local partnerships and production.

Another aim of Strategy 2017 is to leverage further off of ARLA's leading positions. In the core markets, ARLA will continue to develop the positions and become more sophisticated in how it approaches the business. ARLA also focuses on realising cross-national synergies and strengthening the three global brands: Arla®, Castello® and Lurpak®. Further the focus is to maximise value creation in the United Kingdom, Germany, the Netherlands and Finland and grow profitability in Denmark and Sweden. A precondition for being a successful dairy company is an active focus on costs. ARLA has launched a number of ambitious cost and efficiency programmes which is expected to contribute with a significant annual saving.

Consumer Germany & Netherlands (CGN)

CGN was formed as a business group in 2011 after ARLA's de facto merger with the German cooperative Hansa Milch eG. On 1 October 2012 ARLA de facto merged with the German cooperative MUH and became one of the largest dairy companies in Germany. CGN handles production, logistics, marketing and sales to the retail trade in Germany and the Netherlands. In 2012 CGN generated 13 per cent. of ARLA's revenue. ARLA in Germany has historically been a trading company selling products produced by ARLA in Denmark. With the mergers in Germany, CGN has transformed into a seamless dairy company with control over the full value chain. CGN operates two milk dairies in Germany and one in the Netherlands. In addition to the Pronsfeld Dairy in Germany CGN is in the process of building a milk powder plant and a butter dairy designed to increase the value creation and reduce the dependency in the volatile ultra-high temperature ("UHT") milk market.

CGN is selling well known ARLA brands such as Arla Kærgården®, Arla Buko®, Castello®, the more local brands like Hansano® and Friesche Flag® as well as private label products to the retailers and discounters.

Subsidiaries

ARLA owns and manages a number of subsidiaries not included in the aforementioned business groups. Below are the two most important ones, although each contributes less than 5% of the revenue of ARLA.

Arla Foods Ingredients P/S ("**AFI**") is global market leader within whey protein technology and is one of ARLA's most profitable business units. In 2012 AFI generated 4 per cent. of ARLA's revenue and a turnover of DKK 2.2 billion DKK. AFI is delivering innovative whey based products to, among others, the dairy, bakery and ice cream industries.

Rynkeby A/S is the juice business of ARLA and is selling its products mainly to Denmark and Sweden. Some of Rynkeby known brands are Rynkeby®, God Morgon® and JO®. Rynkeby A/S generated in 2012 with a revenue of DKK 0.9 billion.

Intellectual Property

Arla has a global intellectual property policy covering both research & innovation and marketing & sales, including branding. The policy is supported by written Standard Operations Procedures.

Principal Properties

The following two are the only ARLA production sites which each individually account for more than 5 per cent. of the Group's turnover in 2012 or where relevant 4th quarter 2012.

Holstebro Mejeri, Hjernvej 24-26, 7500 Holstebro, Denmark manufactures products which for the year ended 31 December 2012 generated approximately 9 per cent. of the Group's turnover. The dairy is producing butter and spreadable as well as cream cheese.

Pronsfeld Dairy, Niederlassung Pronsfeld, Im Scheid 1, 54597 Pronsfeld, Germany was included in the Group with effect from 1 October 2012. In 4th quarter 2012 the dairy generated approximately 6 per cent. of the Group's turnover for that quarter. The dairy mainly produces UHT and Extended Shelf Life milk products as well as cream.

Governmental Regulation

ARLA is subject to government regulations in the markets in which it operates. Most regulations to which ARLA is subject are EU regulations and ARLA is supported in the EU by the Danish Dairy Board that is working with product, environmental and other regulations on an EU level. Given the cross-border nature of ARLA's business, it is in ARLA's interest to have as many of these regulations being made by the EU as possible, rather than by individual Member States.

Environment and Social Responsibility

ARLA's ambition is to minimise emissions and continually improve its environmental performance throughout the supply chain. ARLA's ambition is to reduce greenhouse gas emissions as a result of transport, production and packaging by 25 per cent. from 2005 to 2020. In the United Kingdom, ARLA is currently building one of the world's largest fresh milk dairies with the aim to be as eco-friendly as possible. It is the goal to make this dairy carbon neutral.

ARLA has participated in UN Global Compact Initiative since 2008 supporting the ten fundamental principles in Human Rights, Labour, Environment and Anti-corruption.

Areas of responsibility

The Board of Representatives and the Board of Directors make decisions relating to long-term strategic decisions. The Board of Directors also determines the raw milk price paid on account while the Board of Representatives decides on the distribution of the profits for the year. Moreover, it is the Board of Directors' responsibility to monitor the company's activities and asset management, to maintain the accounts satisfactorily and to appoint the Executive Management Board (CEO and Vice CEOs).

The Executive Management Board (EMG) is responsible for ARLA's day-to-day business operations and for preparing strategies and planning the future dairy structure.

The employees at ARLA are vital for the success of its business. It is a key objective for the Group to attract and retain top-quality recruits, and to ensure that its employees develop and grow their roles and meet new challenges as their careers progress. Internal governance and education programmes have been put in place to help achieve this.

TAXATION

The following is a general description of certain Danish, Swedish, Norwegian and US tax considerations relating to the Notes. It does not purport to be a complete analysis of all tax considerations relating to the Notes whether in those countries or elsewhere. Prospective purchasers of Notes should consult their own tax advisers as to the consequences under the tax laws of the country of which they are resident for tax purposes and the tax laws of The Kingdom of Denmark of acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes. This overview is based upon the law as in effect on the date of this Base Listing Particulars and is subject to any change in law that may take effect after such date.

EU Savings Tax Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income (the "**Directive**"), each Member State is required to provide to the tax authorities of another Member State details of payments of interest or other similar income paid by a person within its jurisdiction to, or collected by such a person for, an individual resident or certain limited types of entity established in that other Member State. However, for a transitional period, Luxembourg and Austria may instead apply a withholding system in relation to such payments, deducting tax at rates rising over time to 35 per cent. The transitional period is to terminate at the end of the first full fiscal year following agreement by certain non-EU countries to the exchange of information relating to such payments.

A number of non-EU countries, and certain dependent or associated territories of certain Member States, have adopted similar measures (either provision of information or transitional withholding) in relation to payments made by a person within its jurisdiction to, or collected by such a person for, an individual resident or, certain limited types of entity established in a Member State. In addition, the Member States have entered into provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a person in a Member State to, or collected by such a person for, an individual resident or certain limited types of entity established in one of those territories.

The European Commission has proposed certain amendments to the Directive, which may, if implemented, amend or broaden the scope of the requirements described above. Investors who are in any doubt as to their position should consult their professional advisers.

Swedish Taxation

The following summary outlines certain Swedish tax consequences relating to holders of Notes, if not otherwise stated. The summary is based on the laws of Sweden as currently in effect and is only intended to provide general information. This summary does not address the rules regarding reporting obligations for, among others, payers of interest. Prospective purchasers are urged to consult their professional tax advisers regarding the Swedish tax and other tax consequences (including the applicability and effect of tax treaties) of holding or transferring Notes.

Payments of any principal amount or any amount that is considered to be interest for Swedish tax purposes to the holder of any Notes should not be subject to Swedish income tax, provided that such holder is neither resident in Sweden for Swedish tax purposes nor engaged in trade or business in Sweden through a permanent establishment. A person is resident in Sweden for Swedish tax purposes if he (a) is domiciled in Sweden; (b) has his habitual abode in Sweden; or (c) earlier has been domiciled in Sweden and after having moved abroad continues to have an essential connection with Sweden (for example, is engaged in trade or business in Sweden). Swedish law does not provide for deduction or withholding for or on account of taxes on payments of any principal or interest to the holder of any Notes, except on payment of interest to a holder who is an individual or an estate of a deceased individual with tax residence in Sweden. Individuals who are not resident in Sweden for tax purposes may be liable to capital gains taxation in Sweden upon disposal or redemption of certain financial instruments, depending on the classification of the particular financial instrument for Swedish income tax purposes, if they have been resident in Sweden or have stayed permanently in Sweden at any time during the calendar year of disposal or redemption or the ten calendar years preceding the year of disposal or redemption.

Generally, for Swedish corporations and private individuals (and estates of deceased individuals) with residence in Sweden for Swedish tax purposes, all capital income (e.g. income that is considered to be interest for Swedish tax purposes and capital gains on Notes) will be taxable. Specific tax consequences, however, may be applicable to certain categories of corporations (e.g. life insurance companies). If the Notes are registered with Euroclear Sweden or held by a Swedish nominee in accordance with the Swedish Financial Instruments Accounts Act (SFS 1998:1479), Swedish preliminary taxes are withheld by Euroclear Sweden or the nominee on payments of amounts

that are considered to be interest for Swedish tax purposes to a private individual or an estate of a deceased individual with residence in Sweden for Swedish tax purposes.

Danish Taxation

Under existing Danish tax laws no general withholding tax or coupon tax will apply to payments of interest or principal or other amounts due on the Notes, other than in certain cases on payments in respect of controlled debt in relation to each Issuer. This will not have any impact on holders of Notes who are not “affiliated” with each Issuer pursuant to section 3B of the Danish Tax Control Act (Consolidated Act no. 1126 of 24 November 2005) (i.e., they control or are controlled by each Issuer).

No stamp duty is payable upon transfer of Notes in Denmark.

Resident holders of Notes

In general, individuals and companies who are resident in Denmark are liable to Danish taxation on the income from the Notes.

In general individuals are taxable on income from the Notes when income is received from the Notes. However, if the value of the Notes are linked to the development in the value of securities, stocks or other assets, the Notes will in general be qualified as financial contracts under Danish tax law, with the consequence that the annual income are marked as the difference between the value of the Notes at the end of the income year and the value of the Notes at the beginning of the income year (the mark-to-market principle).

Note holders subject to corporate taxation are generally taxed annually of the difference between the value of the Notes at the end of the income year and the value of the Notes at the beginning of the income year (the mark-to-market principle) irrespective of whether the Notes are qualified as financial contracts or not.

Non-resident holders of Notes

Provided the holders of Notes who not subject to full tax liability in Denmark or included in a Danish joint taxation scheme and do not carry business in Denmark through a permanent establishment the Notes should not be taxable to Denmark. However, see above regarding potential withholding taxes in case of controlled debt.

Norwegian Taxation

Please note that for the purpose of the summary below, a reference to a Norwegian or Non-Norwegian Noteholder refers to the tax residency rather than the nationality of the Noteholder.

Norwegian withholding tax

Payments of interest on the Notes are not subject to any withholding tax in Norway.

Norwegian Noteholders

Interest on Notes received by Noteholders who are individuals resident in Norway for tax purposes and Noteholders who are limited liability companies (and certain similar entities) resident in Norway for tax purposes (together referred to as “**Norwegian Noteholders**”) are taxable as ordinary income at a flat rate of 28 per cent. The interest is subject to tax in Norway in the year of accrual.

If certain requirements are met, Norwegian Noteholders may be entitled to a tax credit in Norwegian taxes for withholding tax imposed on the interest in the jurisdiction where the foreign company (being the debtor) is resident for tax purposes.

Sale, repayment, redemption or other disposal of Notes are considered a realisation for Norwegian tax purposes. A capital gain or loss generated by a Norwegian Noteholder through a realisation of Notes is taxable or tax deductible in Norway. Such capital gain or loss is included in or deducted from the Norwegian Noteholders ordinary income in the year of disposal. Ordinary income is taxable at a rate of 28 per cent.

The taxable gain/deductible loss is calculated per Note and is equal to the sales price less the Norwegian Noteholders cost price of the Note, including costs incurred in relation to the acquisition or realisation of the Note.

If the Norwegian Noteholder owns Notes acquired at different points in time, the Notes that were acquired first will be regarded as the first to be disposed of, on a first-in first-out basis.

Capital gains or loss on foreign currency exchange is also taxable/tax deductible in Norway. The gain/loss is included in/deducted from the ordinary income of Norwegian Noteholders in the year of disposal. Ordinary income is subject to tax at a flat rate of 28 per cent.

Non-Norwegian Noteholders

As a general rule, interest received by a Noteholder not resident in Norway for tax purposes ("Non-Norwegian Noteholders") from Notes in non-Norwegian companies is not subject to Norwegian taxation unless the Non-Norwegian Noteholder holds the Notes in connection with the conduct of a trade or business in Norway.

Net wealth tax

The value of Notes is included in the basis for the computation of net wealth tax imposed on Norwegian personal Noteholders. Currently, the marginal net wealth tax rate is 1.1 per cent. of the value assessed. The value for assessment purposes for listed Notes is the listed value as of 1 January in the year of assessment.

Norwegian corporate Noteholders are not subject to net wealth tax.

Non-Norwegian Noteholders are generally not subject to Norwegian net wealth tax. Non-Norwegian personal Noteholders can, however, be taxable if the Notes are effectively connected to the conduct of trade or business in Norway.

Foreign Account Tax Compliance Act

Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986 ("**FATCA**") impose a new reporting regime and potentially a 30% withholding tax with respect to certain payments to (i) any non-U.S. financial institution (a "foreign financial institution", or "**FFI**" (as defined by FATCA)) that does not become a "**Participating FFI**" by entering into an agreement with the U.S. Internal Revenue Service ("**IRS**") to provide the IRS with certain information in respect of its account holders and investors or is not otherwise exempt from or in deemed compliance with FATCA and (ii) any investor (unless otherwise exempt from FATCA) that does not provide information sufficient to determine whether the investor is a U.S. person or should otherwise be treated as holding a "United States Account" of the Issuer (a "**Recalcitrant Holder**"). Neither of the Issuers or the Guarantor expect to be classified as an FFI.

The new withholding regime will be phased in beginning 1 January 2014 for payments from sources within the United States and will apply to "**foreign passthru payments**" (a term not yet defined) no earlier than 1 January 2017. This withholding would potentially apply to payments in respect of (i) any Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or after the "**grandfathering date**", which is the later of (a) 1 January 2014 and (b) the date that is six months after the date on which final U.S. Treasury regulations defining the term foreign passthru payment are filed with the Federal Register, or which are materially modified on or after the grandfathering date and (ii) any Notes characterised as equity or which do not have a fixed term for U.S. federal tax purposes, whenever issued. If Notes are issued before the grandfathering date, and additional Notes of the same series are issued on or after that date, the additional Notes may not be treated as grandfathered, which may have negative consequences for the existing Notes, including a negative impact on market price.

The United States and a number of other jurisdictions have announced their intention to negotiate intergovernmental agreements to facilitate the implementation of FATCA (each, an "**IGA**"). Pursuant to FATCA and the "Model 1" and "Model 2" IGAs released by the United States, an FFI in an IGA signatory country could be treated as a "**Reporting FI**" not subject to withholding under FATCA on any payments it receives. Further, an FFI in a Model 1 IGA jurisdiction would not be required to withhold under FATCA or an IGA (or any law implementing an IGA) (any such withholding being "**FATCA Withholding**") from payments it makes (unless it has agreed to do so under the U.S. "qualified intermediary," "withholding foreign partnership," or "withholding foreign trust" regimes). The Model 2 IGA leaves open the possibility that a Reporting FI might in the future be required to withhold as a Participating FFI on foreign passthru payments and payments that it makes to Recalcitrant Holders. Under each Model IGA, a Reporting FI would still be required to report certain information in respect of its account holders and investors to its home government or to the IRS.

If the Issuer becomes a Participating FFI under FATCA, the Issuer and financial institutions through which payments on the Notes are made may be required to withhold FATCA Withholding if (i) any FFI through or to which payment on such Notes is made is not a Participating FFI, a Reporting FI, or otherwise exempt from or in deemed compliance with FATCA or (ii) an investor is a Recalcitrant Holder.

If an amount in respect of FATCA Withholding were to be deducted or withheld from interest, principal or other payments made in respect of the Notes, neither the Issuer nor any paying agent nor any other person would, pursuant to the conditions of the Notes, be required to pay additional amounts as a result of the deduction or withholding. As a result, investors may receive less interest or principal than expected.

Whilst the Notes are in global form and held within the clearing systems, it is expected that FATCA will not affect the amount of any payments made under, or in respect of, the Notes by the relevant Issuer, the Guarantor, any paying agent and the Common Depositary or Common Safekeeper, given that each of the entities in the payment chain beginning with the paying agent and ending with the clearing systems is a major financial institution whose business is dependent on compliance with FATCA and that any alternative approach introduced under an IGA will be unlikely to affect the Notes. The documentation expressly contemplates the possibility that the Notes may go into definitive form and therefore that they may be taken out of the clearing systems. If this were to happen, then a non-FATCA compliant holder could be subject to FATCA Withholding. However, definitive notes will only be printed in remote circumstances.

FATCA is particularly complex and its application is uncertain at this time. The above description is based in part on regulations, official guidance and model IGAs, all of which are subject to change or may be implemented in a materially different form. Prospective investors should consult their tax advisers on how these rules may apply to the Issuer and to payments they may receive in connection with the Notes.

TO ENSURE COMPLIANCE WITH IRS CIRCULAR 230, EACH TAXPAYER IS HEREBY NOTIFIED THAT: (A) ANY TAX DISCUSSION HEREIN IS NOT INTENDED OR WRITTEN TO BE USED, AND CANNOT BE USED BY THE TAXPAYER FOR THE PURPOSE OF AVOIDING U.S. FEDERAL INCOME TAX PENALTIES THAT MAY BE IMPOSED ON THE TAXPAYER; (B) ANY SUCH TAX DISCUSSION WAS WRITTEN TO SUPPORT THE PROMOTION OR MARKETING OF THE TRANSACTIONS OR MATTERS ADDRESSED HEREIN; AND (C) THE TAXPAYER SHOULD SEEK ADVICE BASED ON THE TAXPAYER'S PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISER.

SUBSCRIPTION AND SALE

Notes may be sold from time to time by each Issuer to any one or more of Danske Bank A/S, HSBC Bank plc, Nordea Bank Danmark A/S, Skandinaviska Enskilda Banken AB (publ) and Svenska Handelsbanken AB (the "**Dealers**"). The arrangements under which Notes may from time to time be agreed to be sold by each Issuer to, and subscribed by, Dealers are set out in a Dealer Agreement dated 22 May 2013 (the "**Dealer Agreement**") and made between each Issuer, the Guarantor and the Dealers. If in the case of any Tranche of Notes the method of distribution is an agreement between each Issuer, the Guarantor and a single Dealer for that Tranche to be issued by each Issuer and subscribed by that Dealer, the method of distribution will be described in the relevant Pricing Supplement as "Non-Syndicated" and the name of that Dealer and any other interest of that Dealer which is material to the issue of that Tranche beyond the fact of the appointment of that Dealer will be set out in the relevant Pricing Supplement. If in the case of any Tranche of Notes the method of distribution is an agreement between the relevant Issuer, the Guarantor (where applicable) and more than one Dealer for that Tranche to be issued by the relevant Issuer and subscribed by those Dealers, the method of distribution will be described in the relevant Pricing Supplement as "Syndicated", the obligations of those Dealers to subscribe the relevant Notes will be joint and several and the names of those Dealers and any other interests of any of those Dealers which is material to the issue of that Tranche beyond the fact of the appointment of those Dealers (including whether any of those Dealers has also been appointed to act as Stabilising Manager in relation to that Tranche) will be set out in the relevant Pricing Supplement.

Any such agreement will, *inter alia*, make provision for the form and terms and conditions of the relevant Notes, the price at which such Notes will be subscribed by the Dealer(s) and the commissions or other agreed deductibles (if any) payable or allowable by the relevant Issuer in respect of such subscription. The Dealer Agreement makes provision for the resignation or termination of appointment of existing Dealers and for the appointment of additional or other Dealers either generally in respect of the Programme or in relation to a particular Tranche of Notes.

United States of America: *Regulation S Category 2; TEFRA D or TEFRA C as specified in the relevant Pricing Supplement or neither if TEFRA is specified as not applicable in the relevant Pricing Supplement.*

The Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

The Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the United States Internal Revenue Code of 1986 and Treasury regulations thereunder.
